

A tradition of excellence in product innovation for the healthcare industry.

COMPANY PROFILE

Andover Healthcare is a leading manufacturer of high quality cohesive bandages and tapes. Founded in 1976, Andover is committed to new and innovative technology and distributes its patented products around the world. All Andover products are made in the USA.

Andover strives to develop break-through products to meet the ever-changing needs of the healthcare industry.

Andover has many industry “firsts”, including:

- Developing a latex-free bandage that performs better than latex
- Offering cohesive bandages with controlled compression
- Introducing colors and a color pack
- Manufacturing latex-free printed bandages

Product development is Andover’s specialty and customer service our commitment. At Andover Healthcare it’s not just about products, technology or service – it’s about all of these things, all of the time.

PRODUCT INFORMATION

Co-Flex[®] PRODUCTS

Andover offers a variety of cohesive flexible bandage options.

Why are CoFlex Products the Best Bandage Choice?

- Available latex or latex-free
- Self-adhering – sticks to itself, not to hair or skin
- Available with Easy Hand-Tear patented technology – no scissors needed
- Controlled compression - will not constrict over time
- Economical – in many instances priced less than competitors’ product

Applying CoFlex Products

Depending on the specific application for which it is being used, different compression levels of the bandage will be needed. You control the desired tension level. Once wrapped, the bandage will not loosen or tighten and will remain secure.

1. No to low tension 2. Medium tension 3. High tension
