surgilube® foilpac®

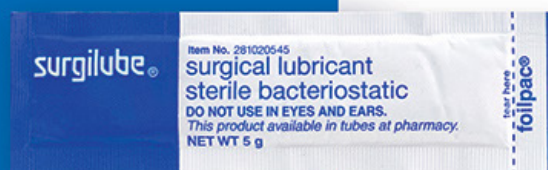

Product Specs

MFR #	Item Description	Volume	HCPCS	Packaging
281020543	Surgilube® 3g foilpac® - STERILE	3g	A4332	144 ea/bx - 12 bx/cs

3g foilpac®

When the foilpac® was released in 1961, its “single use” concept and design forever changed the mindset of the medical community. Today, more than 50 years later, as health systems continue to look for ways to reduce the risk of cross contamination, Surgilube’s single use foilpac® continues to lead the way.

Product Specs

MFR #	Item Description	Volume	HCPCS	Packaging
281020545	Surgilube® 5g foilpac® - STERILE	5g	A4332	144 ea/bx - 6 bx/cs

5g foilpac®

When Surgilube released the foilpac® in 1961, its “single use” concept and design forever changed how medical community looked at reducing the risk of cross contamination. Today, as it becomes an even higher priority, our foilpac® continues to lead the way.

Product Specs

MFR #	Item Description	Volume	HCPCS	Packaging
281020557	Surgilube® 31g foilpac® - STERILE	31g	A4402	576 ea/cs

31g foilpac®

The 31g single use foilpac® was designed for endoscopy and colonoscopy procedures where a 3g or 5g foilpac® may not be an adequate amount of lubricant needed. The centered directional spout allows for easy and precise application.
