

Our most absorbent line of non-woven sponges

# Avant Deluxe® Gauze Sponges Rayon/Polyester Blend

This deluxe line of non-woven sponges are a unique rayon and polyester blend to provide strength and absorbency. The increased material weight helps to provide a more efficient sponge than our traditional Avant line by reducing the number of sponges that have to be used for each procedure. These sponges offer unique benefits compared to traditional cotton gauze:

- low linting
- increased absorbency
- fast wicking
- economical
- less traumatic to granulating tissue
- **Latex-Free**
