Apollo's

# Apollo Cream™

*Brings Soothing Relief to Irritated Skin*

## For Red, Sore, Irritated Skin...

**Apollo Cream™** not only helps promote healing with natural Vitamins A and D, but also assists healing of traumatized skin with natural lanolin oil which is almost identical to natural skin lipids. It also helps maintain healthy skin. Skin is the largest vital organ of the body, protecting against bacterial invasions, preventing moisture loss and regulating body temperature. **Apollo Cream™** provides the finest care!

For incontinent care, use **Apollo Cream™** to relieve itching and soothe irritation caused by draining wounds, urine scald, diarrheal skin breakdown, diaper rash, perspiration irritation and prickly heat rash.

Use it to relieve discomfort of minor scrapes and burns, sunburn, radiation burn and chemotherapy skin reactions. Use to massage pressure areas prone to the development of decubitus ulcers. Use it under casts and anti-embolism stockings.

For dry skin, psoriasis, eczema, cold sores, chafing, itching, chapped hands and lips, **Apollo Cream™** is formulated to glide on smoothly, absorb quickly and completely. **Apollo Cream™** vanishes leaving skin soft and supple with no greasy residue.

Use **Apollo Cream™** for preventative care in skin folds subject to perspiration irritations. BTC in **Apollo Cream™** helps prevent the bacteria on the skin from breaking down urine and perspiration into free ammonia, which can burn and scald the skin. Natural Beeswax forms a protective layer shielding the skin from irritants.

Health care professionals rely on **Apollo Cream™** for soothing relief from irritated skin.

Choose **Apollo Cream™**...it works like a miracle!

Choice, Not Chance, Determines Results.  
Choose Apollo.
