BEFORE DEPARTING TO SET UP THE PATIENT WITH THEIR INVACARE® PLATINUM® MOBILE OXYGEN CONCENTRATOR

Ensure Platinum Mobile Serial #, Connect Dongle Serial #, and patient email address are registered in the **Invacare O_2 Provider Portal (www.Invacare-O2.com)**. This process will generate an email to the patient with a link they will use to log into their account.

AT PATIENT'S HOUSE

After your normal operation procedures for setting up patient with POCs, ask the patient if they have an **Apple** or **Android*** smart phone or tablet. If not, they can still use the POC without the App.

If yes, recommend downloading the **Piccolo O_2 App** due to its great patient benefits:

PATIENT BENEFITS

- Shows the Platinum Mobile Oxygen Concentrator's actual time remaining in hours and minutes to help them plan their day.
- Replicates the Platinum Mobile Oxygen Concentrator display on their phone, so they can enjoy being out with friends while their POC is discreetly tucked out of sight.
- Provides resources such as user guides so important information they need is at their fingertips.
- Connects their provider to information about the performance of the Platinum Mobile Oxygen Concentrator so they are able to remotely provide device help and support when needed.

(The benefits are also shown in the user welcome card shipped with every Platinum Mobile Oxygen Concentrator)

*Android App available in November 2017

Yes, you can. | Breathe Smart. Breathe Easy.

SET UP THE
PICCOLO O_2 APP

1. Ask the user to click on the link in the registration email they received.

2. Clicking the link will take them to the Invacare O_2 Provider Portal where they will be prompted to enter their name, email address and password they wish to use to link their Platinum Mobile Oxygen Concentrator and the Piccolo O_2 App. They will also be asked to consent to our End User License Agreement. Enter the information requested and press submit, a confirmation web page will be displayed.

3. Ensure Bluetooth® is enabled on their smartphone or tablet.

4. Assist the user with installing the Piccolo O_2 App from the Apple App store or the Google Play Store.* Launch the Piccolo O_2 App. They will be prompted to enter the email and password they registered in step 2.

5. To continue, they need to read and consent to the Privacy Notice.

6. Turn on the Platinum Mobile Oxygen Concentrator and follow the instructions in Piccolo O_2 App by holding down the Flow Setting and Display Backlight buttons on the unit at the same time for at least three seconds. The Piccolo O_2 App shows the two buttons.

7. The Platinum Mobile Oxygen Concentrator screen will display a 6-digit pairing code.

8. Enter that pairing code into Piccolo O_2 App as requested and tap OK.

9. While the Piccolo O_2 App attempts to connect to the POC, it will display the Bluetooth connecting icon.

10. Allow notifications to enable this feature.

WAIT A FEW MINUTES...CONNECTION IS ENABLED. THEY ARE READY TO GO!

If live assistance is required during setup, call Invacare at (800) 333-6900 Monday–Friday 8:00 AM–6:00 PM EST.
