

ABENA Let

Multipurpose pads and boosters

ABENA Let is a multipurpose pad used as a maternity pad, booster, absorbing pad for wound care, or as a pad for light incontinence. We recommend that ABENA Let products are used in combination with our fixation pants to ensure a comfortable and secure fit.

- Fully breathable materials support a healthy skin balance
- ABENA Let Anatomic can be sterilized, making it suitable for post-op usage
- Booster pads can be placed inside other incontinence products for extra protection
- Super soft material for optimal comfort
- Available in different sizes and absorption levels

Incontinence Multipurpose Pads

Pad, ABENA Let

Item number	Size	Dimensions	Absorption Rothwell	Pcs per pk / pk per cll
70152	Super Airlaid	32 x 12 cm	140 ml	100 / 6
1000021343	Normal	39 x 14 cm	500 ml	34 / 9
1999905441	Maxi	60 x 15 cm	1100 ml	28 / 4

The ABENA Let product range is a rectangular pad solution for broad applications. Both ABENA Let Airlaid Super, Normal, and Maxi are used mainly as a booster pad to provide extra absorption, but can also be used as a maternity pad or absorbing pad for wound care. The fully breathable pads with non-woven backsheet ensure healthy skin and optimum comfort for the user. They are available in different sizes and absorption levels. ABENA Let Normal and Airlaid both contain superabsorbent polymer (SAP) for Odor control system.

Pad, ABENA Let

Item number	Size	Dimensions	Absorption Rothwell	Pcs per pk / pk per cll
1000021344	Mini	39 x 14 cm	500 ml	32 / 9

ABENA Let Mini is ABENA's rectangular pad with a soft and thin core to provide discreet security for light incontinence. The textile-like backsheet features an adhesive strip which easily fixates to regular tight-fitting underwear or special ABENA fixation pants.

ABENA Let

Item number	Size	Dimensions	Absorption Rothwell	Pcs per pk / pk per cll
1000021345	Anatomic	44 x 20 cm	500 ml	30 / 9

ABENA Let Anatomic is ABENA's anatomically shaped multipurpose pad with non-woven backsheet. The efficient core with Top-Dry Technology ensures skin integrity and optimal skin care by keeping the exposed area comfortable and dry even after multiple voids. The fully breathable pads are fitted with invisible lying leakage barriers for extra protection. The Odor control system minimizes unpleasant smells. All products feature the Nordic Swan Ecolabel.
