

EASE-Z

Recommended by therapists to soothe dry skin and ease nerve discomfort in diabetic clients.

Our specially formulated products harness zinc's powerful benefits to promote skin repair, reduce inflammation, aid wound healing, and relieve neuropathy. Recommend products that deliver proven results and help improve your clients' overall well-being.

EDU-TALK™ DIABETES SERIES

Help your diabetic clients—stay informed with the latest wellness research to enhance their health and quality of life.

Tues, Jan 20: *The MIND Diet: Reduce Your Risk of Dementia!* by Linda Lockett Brown

Tues, Feb 17: *Unknown Relationship: Diabetic Peripheral Neuropathy & Heart Rate Variability* by Dr. Jessica Underwood-Kallio
