Fact of life for patients living with an urostomy: ***it drips constantly***

92% of patients surveyed worry about leakage*

Introducing

SenSura® Mio urostomy bag with new *twist tap*

Redesigned faucet-style outlet opens and closes with a simple twist

Enhanced usability and hygiene with a winged-grip design and hygienic emptying experience that helps keep urine off patients' hands.

Secure, leak-tight twist-lock outlet designed to reduce urine drips and odor, with clear confirmation of closure and minimal risk of accidental opening.

Smooth, controlled drainage enabled by a wide-lumen outlet for efficient emptying.

Winged-grip spout design

Twist to open
The outlet is open when turned

Twist to close
The outlet is closed when aligned with the bag

New standard adapter for your bedside drainage bag

Secure and compatible connection**

- Simple connection to universal bedside drainage bags***
- Clip on outlet for ease of use

*Coloplast, Market Research, Ostomy Life Study (OLS), 2019, Data-on-file (PM-10499)

**Simulated use, Coloplast Data-on-File (09/2023), n=30

***When using the uro bag adapter

The SenSura® Mio urostomy pouches are getting *a new look – and a new product number.*

- The new product number will be the current 5-digit number with a "0" added at the end (making it a 6-digit number).
- HCPCS codes are changing; a **new prescription will be required**. Patients should contact their healthcare provider for a new prescription.

SenSura®Mio

SenSura® Mio Uro 2-piece Click now with *improved coupling[2] and new twist outlet*

SenSura Mio Uro 2-piece click coupling with added security

- Gentle, secure and leak-tight
- Preferred over other coupling systems**
- Application is easier to learn and teach[1,2] - **Place, Click, Lock**

Prior to use, refer to the product 'Instructions for Use' for intended use and relevant safety information.

For more information about the ***improved click coupling or the new twist outlet,*** reach out to your local Coloplast representative.

1. Coloplast Data-on-File, Product Evaluation by HCPs (11/2025), n=345.
2. Compared to the original SenSura Mio Click.
**Simulated use, Coloplast Data-on-File (09/2023), n=30

All it takes is a gentle ***press*** and ***lock to secure!***

Place

1. Make sure the lock is open and **align the pouch and coupling.**

Tip: Move the lock to the 11 o'clock or 1 o'clock position so it's easy to find.

Click

2. **Apply gentle pressure** to the pouch with your hand to 'click' the coupling into place.

Tip: Start with as little pressure as possible.

Lock

3. **Squeeze the lock** until you hear a 'click'.

Tip: Audible feedback offers reassurance pouch is secure.
