Essential Aids for Daily Living

For over 65 years, we've been producing the World's best reachers

And for almost as long as we've been developing our fantastic range, we've such confidence in our reachers that they come with a lifetime guarantee.

Our reachers typically last for over **20 years!** Research shows that our users (well over 10 Million now) have up to five reachers in their household. Some they carry to the supermarket, others are upstairs for dressing. An old favorite will get used for just about everything and one day might be returned to us for a refurb. They even get 'borrowed' to help put up the holiday lights.

One of the most 'well used' reachers we have ever had the pleasure of meeting again!

Continual development has brought us to our latest and most extensive range of reachers for all occasions. We've listened to everything our clients had on their wish lists and have created a portfolio of reachers that surpasses all that has gone before, including locking triggers and integrated dressing posts.

It's so easy to find the best reacher for enhancing your life. Everything you need is within these pages.
