JOBST® forMen

15-20 mmHg*, 20-30 mmHg*, 30-40 mmHg*

forMen features and benefits:

Stylish
- Fashionable ribbed design delivers gradient compression therapy, yet looks like a fine men's dress sock

Durable
- Reinforced heel resists shoe abrasion and strong yarns resist wear and tear

Comfortable
- All-day comfort band keeps socks up without binding or pinching
- Smooth toe seam and bubble shape add comfort

Cool and with odor control formula
- Microfibers wick away moisture six times faster than regular nylon for a dryer, cooler feeling
- Special formula fights odor by inhibiting growth of fungi and bacteria on the socks

Special Care Instructions for the JOBST Thigh High Style:

The use of skin care products (such as skin creams, body lotion, or powder) as well as various skin types (such as dry or peeling skin) and hair growth may prevent the silicone band from keeping the thigh high in place.

To improve the performance of the silicone band under the above conditions, we recommend the following steps:

1. **Turn the JOBST Thigh Highs inside out before washing.**
2. **Before the main wash, thoroughly hand wash the silicone band using a delicate fabric detergent. Concentrate on removing any lotion, powder, hair or other foreign material from the silicone.**

Please refer to the product label and/or package insert for full instructions on the safe use of these products.
