Product Overview

We are pleased to inform you that the newest addition to the Pacey Cuff family has arrived! The new Pacey Cuff Ultra.

Pacey Cuff Ultra

The Pacey Cuff Ultra builds on everything we've learnt from our customers' experience with the Pacey Cuff Turbo. Still using the same patented technology, ensuring comfort and control without blocking circulation, the Pacey Cuff Ultra is the newest addition to our family of products. Keeping the best features of the Turbo, we have updated the materials and reinforced the design to make the Pacey Cuff even more durable, comfortable, and easy to use.
