Reorder#	Description	Size	Unit
911572	Bi-Folding Mat	1” x 24” x 68”	Each
911577	Bi-Folding Mat	1” x 36” x 68”	Each

Purpose

When bed rails cannot be used, CMS suggests, “Placing the bed lower to the floor and surrounding the bed with a soft mat.” Skil-Care’s SafeSide Fall Mat is designed to reduce the impact of a fall from bed. It features a low-profile/tapered-edge design that permits easy wheelchair roll on and reduces the likelihood of a resident or caregiver stumbling as he/she approaches the mat.

Easy to Use

Place the SafeSide on the floor next to the bed. Two mats will be required if both rails are lowered. When using this mat, make certain that label reading this side up faces up.

Important Notice

1. Skil-Care Corporation makes no guarantee, express or implied, that using the SafeSide Fall Mat will protect the patient or resident against trauma.
2. To prevent staff members from stumbling, make certain that all staff-especially those working at night- are informed that the SafeSide Mat has been placed alongside a bed.

Easy Care

The Safeside fall mat could be wiped clean with a spray and wipe cleanser. If disinfected, avoid using chlorine (bleach) chemicals.
