CHANGE YOUR POSTURE, CHANGE YOUR LIFE

self massage for pain relief

## Trigger Point Massager

- massage and release tight or achy muscles
- relieve pain through direct pressure
- easy-to-reach design for whole body massage

9 effective  
trigger point knobs  
for total body relief

Unique multi-purpose handles offer full control when navigating the device over your body and the therapy knobs provide deep trigger point release

Center area of device is perfect for massaging along the spine

Round knobs simulate action of massage therapist's thumb

Specially pointed therapy knob massages deep into the muscle aiding in trigger point release

also can be used to release tension in arms, legs, hips and feet.

### \* easy to use

#### 1 position

Hook the Trigger Point Massager tool over your shoulder or around your body to massage hard-to-reach areas of the back, neck, shoulders and more.

#### 2 targeted area

Hold the massager by the multipurpose handles or the frame and pull the trigger point knobs into the muscles with a comfortable amount of pressure for 30 seconds.
