

Tri-Vision™ Gooseneck Vanity & Wall Mirror

Model No.: FG60

You now own a top-quality product that should provide you with years of satisfaction and service. To ensure that this product functions as it is designed to, please read the following important information.

Instructions

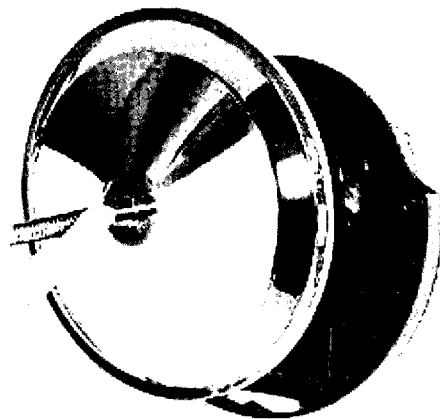

To fasten suction cup mirror holder, make certain the surface is smooth and clean. Moistening suction cups slightly will increase hold power. Press the mirror holder with the opening facing up firmly against the surface until the cups are completely flat. Check for holding. To remove, lift up on the mirror holder until it is disengaged from the cups. Remove the cups by lifting the tabs and re-install into the mirror holder.

Care

To clean the mirror, use a damp cloth. Never use ammonia, alcohol or other harsh chemicals. Caution: sunlight reflected in mirror can cause fire.

Warranty

90 day limited warranty from date of purchase against defects in materials and workmanship. This warranty does not include damage to the product as a result of misuse or accident.

Simply install the gooseneck into the top of the 10x mirror to complete mirror installation.
