# Pain Relief Patch

topical anesthetic

LidoSpot<sup>™</sup> enhances your patient's pain treatment program

- Use during or after treatment regimen to provide long-lasting pain relief
- Contains the highest permissible amount of lidocaine (4%) without a prescription
- Contains 1% menthol
- Non-habit forming transdermal patch
- 4 x 6 inch patch fits large areas such as the back or thigh
- Cut the patch to customize size for small, hard-to-fit areas such as the wrist or elbow
- Strong adhesive keeps patch in place during physical activity for consistent, targeted pain relief
- Lasts for up to 12 hours

13-5310-5 LidoSpot<sup>™</sup> pain relieving patch universal size 5/pack

13-5310-20 LidoSpot<sup>™</sup> pain relieving patch universal size 20/pack

Remove backing from patch
