WE
THINK YOUR
HEALTHCARE
NEEDS SHOULD
BE PERSONALIZED

A WORLD LEADER IN HEALTHCARE MANUFACTURING

Abena is a family-owned Danish company based in Aabenraa, Southern Denmark. It was founded in 1953 by the Terp-Nielsen family and currently employs more than 1,800 people worldwide. Decades of consistent growth have established the Abena Group as one of Europe's leading manufacturers of healthcare products.

One of Abena's main areas of expertise is manufacturing highly absorbent and environmentally responsible personal care products. These unrivaled products offer the most technological advancements available on the market today.

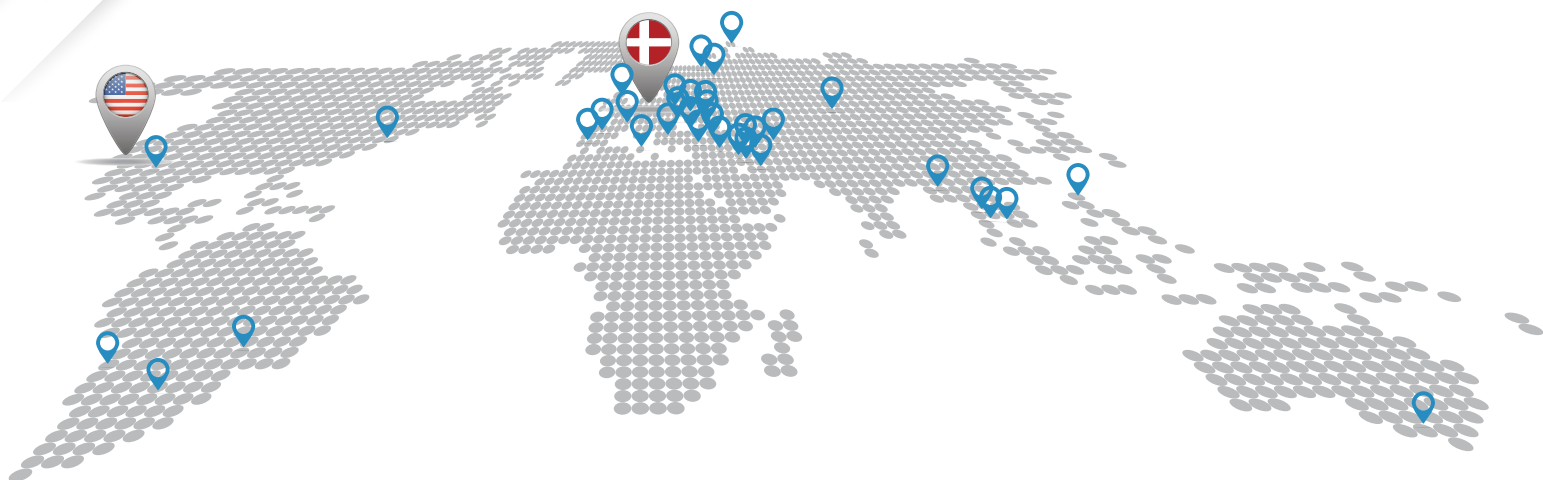

Abena has state-of-the-art production facilities operating 24/7 and features one of the most capable fully automated logistics centers in the world. Our factory holds ISO 9001, 14001 and 18001 certifications.

Abena products are sold all over the world by Abena subsidiaries or our professional network of exclusive distributors. Together we offer individualized solutions that place the users and their quality of life first. Abena places strong action behind sustainability and environmental concern, and it is our mission to hold the highest environmental profile in the market.

THE ABENA PHILOSOPHY

HEALTHY LIVING STARTS WITH YOU

HOLISTIC CARE APPROACH

Intelligent and individualized solutions form our basis for improving user quality of life and the efficient delivery of care. Abena's holistic approach to solutions for incontinence management are embraced by caregivers both at home and in the extended care setting.

We have decades of experience maintaining a constant dialogue with our users about product features, product development, and future trends.

YOUR NEEDS LEAD OUR DESIGN

User-Centric Design

The Best of Care

Optimized Solutions

FORGET THE COOKIE CUTTER APPROACH. ABENA PROVIDES CUSTOMIZED SOLUTIONS FOR YOUR HEALTH NEEDS.

WE STRIVE TO DO BETTER

Our mission is to make your life easier by developing complete product solutions that help you overcome tangible challenges. We strive to exceed our customers' expectations in terms of products, service, and support. Part of our mission is to help you have a better understanding and excel in all aspects related to incontinence management.

The blue Abena logo symbolizes quality. It represents a guarantee that we stand behind every product we supply, as well as every phase of the manufacturing process.

Our landmark represents the core values upon which our business, corporate culture, and daily operations are founded: transparency, flexibility, social responsibility, and good business ethics.

We look forward to working with you!

ABENA & THE ENVIRONMENT

WE PROTECT YOU AND THE ENVIRONMENT

OVER 35 YEARS OF CERTIFIED SUSTAINABLE & SKIN-FRIENDLY PRODUCTS

At Abena, our mission is to provide the most effective and gentle line of eco-friendly healthcare solutions on the market. Our responsibly-sourced products are made from sustainable materials and are certified hypoallergenic so they are gentle for you and the environment.

Each year we voluntarily invite inspectors to perform the most stringent and rigorous tests available on all facets of our manufacturing lifecycle encompassing raw material acquisition, production, consumption, and waste.

DESIGNING PRODUCTS TODAY THAT POSITIVELY IMPACT OUR TOMORROW

WE HAVE RECEIVED MULTIPLE THIRD PARTY CERTIFICATIONS.
THEREFORE, YOU CAN DO BUSINESS WITH US WITH A CLEAN CONSCIENCE.

ASTHMA ALLERGY NORDIC

It can be difficult to assess allergy risks by yourself - for many products, it is not possible at all, as manufacturers are not required to declare all ingredients. If you choose products labelled with the Asthma Allergy Nordic label, we have done the hard work for you. Products with the prestigious blue label contain no perfumes, reducing the risk of allergy.

NORDIC SWAN ECOLABEL

The Nordic Swan Ecolabel is a voluntary third-party ecolabel certification that evaluates a product's impact on the environment throughout the entire life cycle. The label guarantees among other things that climate requirements are taken into account and that CO² emissions (and other harmful gasses) are limited.

FOREST STEWARDSHIP COUNCIL

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC-certified products, you help take care of forests and the people and wildlife that call them home. www.fsc.org.

UN GLOBAL COMPACT

The United Nations Global Compact is a United Nations initiative that encourages businesses worldwide to align strategies and operations with universal principles on human rights, labor, environment and anti-corruption, and take actions that advance societal goals, while ultimately reporting on the implementation of these policies.

ABRI SERIES

Experience the peace of mind of using products certified sustainable & skin-friendly for over 35 years.

HIGHEST PERFORMING ABSORBENT CORE

Each product provides the highest quality features available and is engineered to out-perform the competition.

FULLY BREATHABLE

Advanced AirPlus backsheet enables front-to-back & side-to-side breathability for a cooler, more comfortable experience that promotes skin health.

GUARANTEED SKIN-FRIENDLY

Dermatologically tested and completely free of all known allergens and dangerous chemicals, keeping your skin healthy.

CERTIFIED ECO-FRIENDLY

Our raw materials and manufacturing process have more eco-certifications than any other competing brand on the market.

NO LEAKAGE
NO ODOR
NO PROBLEM

DELIVERING THE MOST ADVANCED PROTECTION

ODOR SYSTEM

Advanced odor control system and innovative core locks away wetness and odors.

ULTRA FLEXIBLE SIDE PANELS

Fastening system equipped with double-adhesive tabs and hooks to allow for easy repositioning.

TOP-DRY ACQUISITION LAYER

Fast-acting surface inlet channels ensure instant absorption and healthy skin for the wearer.

LEAKAGE PREVENTION

Anatomically-designed advanced leakage barriers are strategically placed and aligned with the body to reduce the chance of leakage.

MAXIMUM WEAR TIME

Abena incontinence products are engineered to be worn for extended periods of time (up to 12 hours) with comfort and confidence.

FULLY BREATHABLE BACKSHEET

Promotes a cooler and more comfortable experience for optimal skin health.

ABRI-FLEX™ | PROTECTIVE UNDERWEAR

Can be worn just like normal underwear, enhancing the feeling of **freedom, confidence, and dignity**. A unique and proprietary ultra stretchy waistband, with more elastic strands than ever, ensures a **snug and comfortable fit**.

BEST FOR:

- Active, mobile individuals who value the full security of underwear.
- Light to heavy urine loss; light fecal leakage.
- Nighttime protection if using a pad during the day.
- Those experiencing mental confusion, Alzheimer's, or dementia.

ABRI-FLEX™ JUNIOR PRE-ADULT PROTECTIVE UNDERWEAR

With quick absorption and full breathability, this pull up is a safe and comfortable choice for juniors with uncontrolled urination. The narrower core and smaller leg cut provide a perfect fit, while the extra leakage barriers and odor system give extra protection.

ABRI-FLEX™ SPECIAL PROTECTIVE UNDERWEAR WITH LEGS

Unique elastication in both legs and the crotch area provides an extra snug fit and is the ultimate solution if the user has problems fitting into conventional protective underwear or participates in intense physical activity.

INCONTINENCE LINERS

ABRI-SAN™ SPECIAL | URINARY & FECAL INCONTINENCE PAD

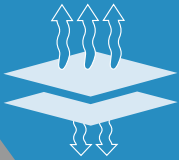

Fecal incontinence is a problem for many. Often, **conventional products lack of leakage protection**, and **frequent changing of pads** leads to an **increase in costs, cleaning, and disposal**.

ABRI-San Special is specifically designed to handle fecal incontinence with **special leak barriers**.

BEST FOR:

- Moderate to heavy urine loss and fecal incontinence.
- Those experiencing diarrhea.
- Episodes of flu, acute illness, or Clostridium Difficile Colitis (C. Diff. Colitis).

FULLY BREATHABLE DESIGN

ENABLES THE SKIN TO BREATHE AND HELPS MAINTAIN GOOD SKIN HEALTH.

ABRI-San Special is suitable for both **FECAL** and **URINARY** incontinence

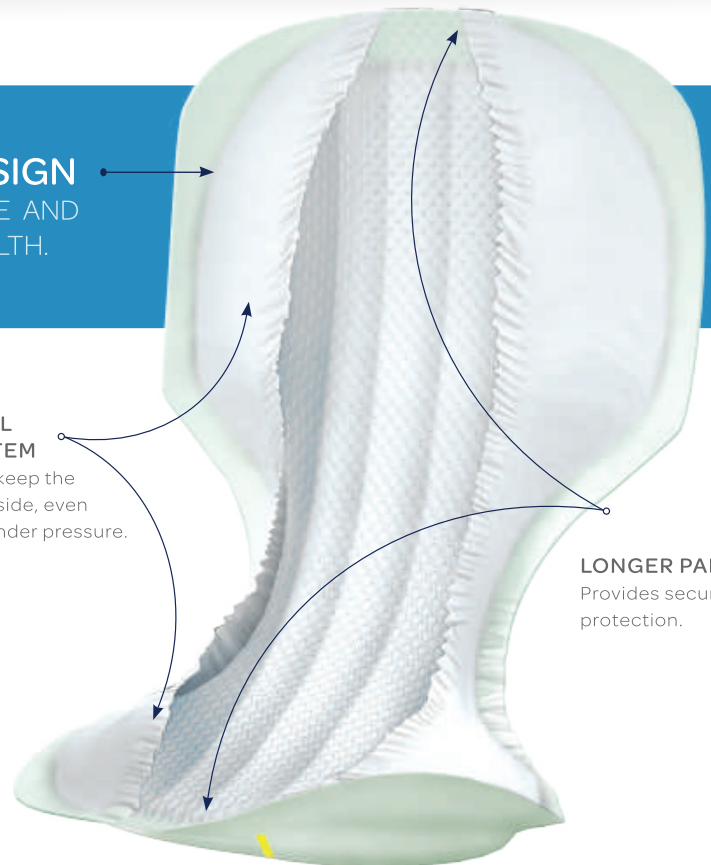

DEVOID of allergens, harmful **CHEMICALS**, latex, and chlorine bleach to ensure **HEALTHY SKIN**

LEAKAGE BARRIERS inside and at the ends prevent leakage when under stress.

UNIQUE FECAL BARRIER SYSTEM

Built-in pockets keep the bowel leakage inside, even when released under pressure.

LONGER PAD
Provides secure protection.

MATERNITY PADS POSTPARTUM PADS FOR MOM

Anatomically shaped pads designed for light to moderate postpartum incontinence. Offers full breathability and protection against leakages with super soft and flat lengthwise barriers. It also features Abena's Premium Top-Dry system that allows the mother to feel dry and comfortable while allowing the skin to breathe. It can be easily fixed to normal underwear via self-adhesive strips on the back.

ABRI-FIX ON
PAGE 19

THE PERFECT FIT FOR EVERYONE

Abena produces the largest range of pants products to support different wearer needs and special sizes. The ABRI-Fix range has been developed in close cooperation with end-users and caregivers to ensure we deliver optimal designs.

An easy-to-read color code on the product makes it easy to find the right size of the required ABRI-Fix product.

BUILT BETTER TO LAST LONGER

ABRI-FIX NET

ABRI-Fix Net features a mesh design that is cool and comfortable. Elastic material allows for optimum fixation.

Pad not included.

ABRI-FIX MAN

Normal underwear is simply not as ideal as this pants product, which is designed to hold our male products securely and comfortably in place.

ABRI-FIX PANTS SUPER

ABRI-Fix Pants Super offer comfort, security, and discretion. Material does not have seams, holding the pad tightly to the body like normal underwear.

97% Polyester

ABRI-FIX SOFT COTTON

ABRI-Fix Soft Cotton Pants are specially designed with a stretchy waistband and soft yet durable material to provide the ideal support for the use of ABRI-San or ABRI-Man pads.

80% Cotton

ABRI-LET™ | MULTIPURPOSE PADS

The **ABRI-Let series** boasts a variety of **multipurpose rectangular pads**, which can be used as a **maternity pad**, **booster pad**, **absorbing pad for wound care**, or as a **light incontinence pad**.

ABRI-LET

Anatomic

MULTIPURPOSE PAD

ABRI-Let Anatomic is an anatomically shaped multipurpose pad with a hydrophobic backsheet and no adhesive tape. It can be used for multiple problematic situations, such as during pregnancy, for very light incontinence or for fecal leakage. The waterproof backsheet makes it wearable with normal underwear.

BEST USED WITH:

- ABRI-Fix
- ABRI-Fix Man
- ABRI-Fix Pants Super
- ABRI-Fix Soft Cotton
- Normal underwear

ABRI-LET

Mini

MULTIPURPOSE PAD

ABRI-Let Mini is an absorbent rectangular pad with a hydrophobic backsheet and adhesive tape for additional security. It is a multipurpose pad that can be used as a light incontinence pad or maternity pad. The waterproof backsheet makes it wearable with normal underwear.

BEST USED WITH:

- ABRI-Fix
- ABRI-Fix Man
- ABRI-Fix Pants Super
- ABRI-Fix Soft Cotton
- Normal underwear

ABRI-LET

Normal

BOOSTER PAD

ABRI-Let Normal is an absorbent "Flow-Thru" rectangular pad with a soft and ultra-thin core. The product has a foil-free polypropylene backsheet and therefore is fully breathable. It can be used as a booster pad to achieve extra absorption when used together with another incontinence product. It can also be used as a maternity pad or an absorbing pad for woundcare. **Do not wear with normal underwear.**

BEST USED WITH:

- ABRI-Flex
- ABRI-Form
- ABRI-San
- ABENA Pants

ABENA SERIES

Designed for an active lifestyle and with one thing in mind: your comfort.

FEATURING PATENTED TOP-DRY TECHNOLOGY

which offers unique protection against leakage that will spare you the “Ooooooh, that didn’t just happen” moments altogether.

FULLY BREATHABLE

An AirPlus backsheet enables front-to-back & side-to-side breathability for a cooler, more comfortable experience that promotes skin health.

THIN & DISCREET

Combining performance with discretion ensures you can continue your life as usual and feel comfortable knowing that you don’t have to worry about leakage.

SUPER ABSORBENT

Our products contain the ideal amount of superabsorbent polymers (SAP) that absorbs and retains liquid at high capacities.

FOR
ACTIVE DAYS
& COMFORTABLE
NIGHTS

DELIVERING THE MOST DISCREET PROTECTION

FULLY BREATHABLE BACKSHEET

Promotes a cooler and more comfortable experience, optimal for skin health.

ODOR SYSTEM

Advanced odor control system and innovative core locks away wetness and odors.

TOP-DRY ACQUISITION LAYER

Fast-acting surface inlet channels ensure instant absorption and healthy skin for the wearer.

SUPER ABSORBENT CORE

Transfers wetness and moisture quickly away from the skin, ensuring the feeling of dryness.

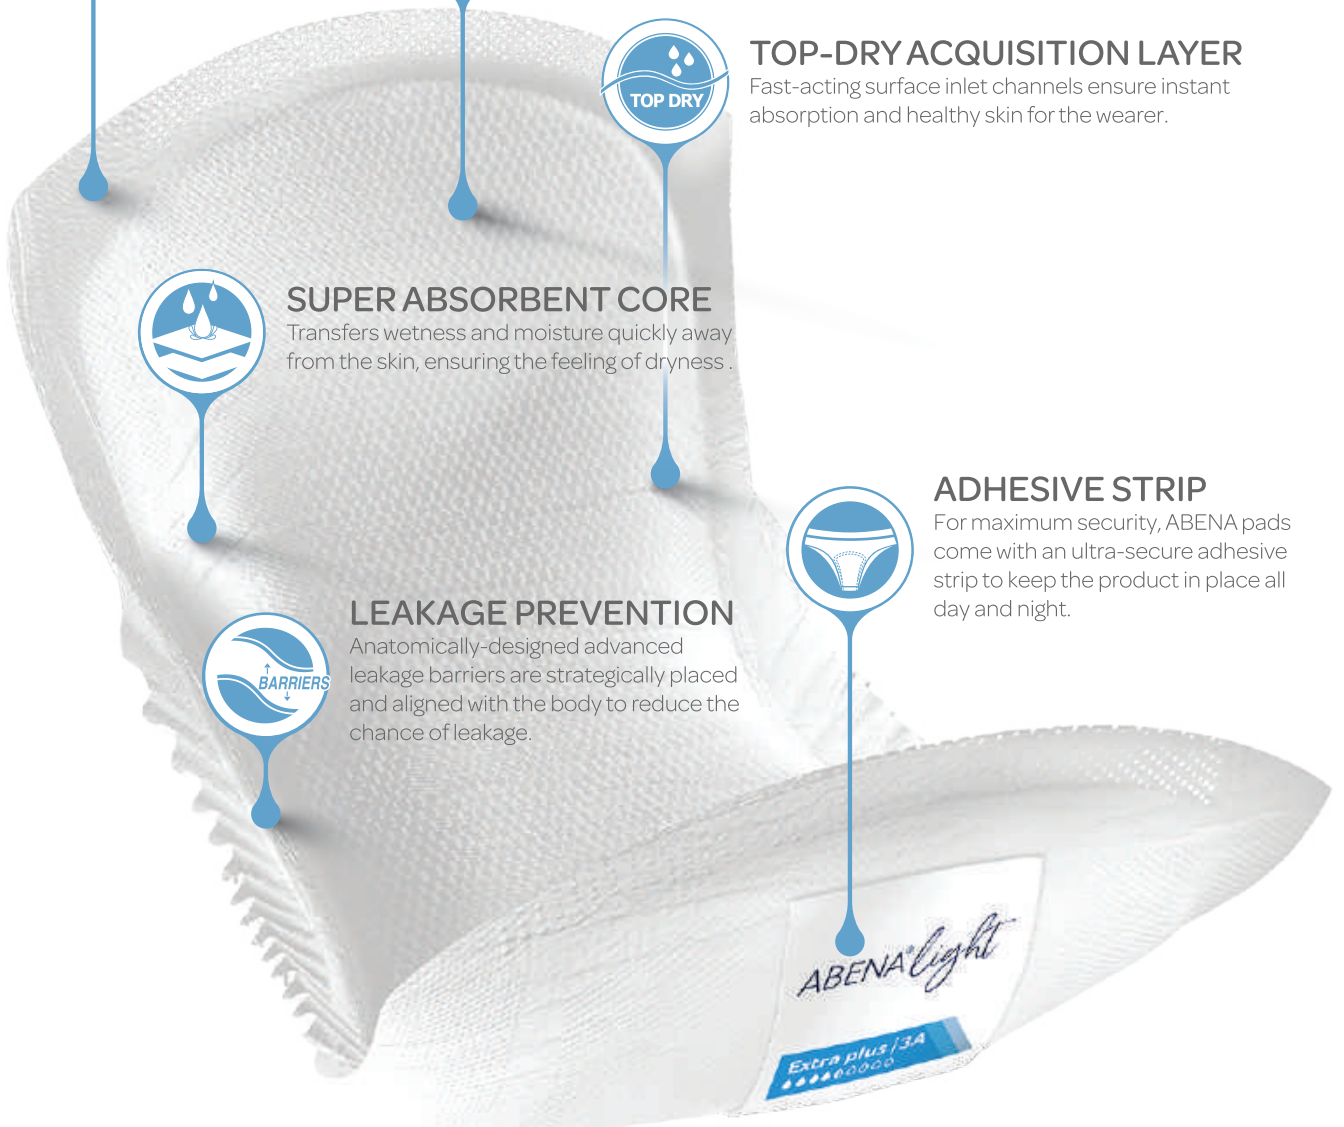

LEAKAGE PREVENTION

Anatomically-designed advanced leakage barriers are strategically placed and aligned with the body to reduce the chance of leakage.

ADHESIVE STRIP

For maximum security, ABENA pads come with an ultra-secure adhesive strip to keep the product in place all day and night.

ABENA LIGHT™ | PROTECTIVE PADS

ABENA Light is our range of **thin, discreet pads** for light to moderate incontinence, designed specifically **for active women**. Featuring our **Top-Dry technology**, ABENA Light allows the user to feel **dry and comfortable**, while **letting the skin breathe**.

BEST FOR:

- Those that value the ease of use & application.
- Value discretion & freedom of movement.
- Urine loss while coughing, sneezing or laughing.
- Women during pregnancy, new moms, and postpartum use.

BEST PAIRED WITH ABRI-FIX™ MAN

ABRI-Fix Man is specially designed to hold our male-specific products in a **secure spot all day and night**. Normal underwear is simply not as ideal, as this provides a **two-piece incontinence solution**. These pants are **wider at the crotch area** and **more elastic than normal underwear**.

BEST FOR:

- Additional security by pairing these with ABENA Man pads.
- Larger/taller or bariatric individuals.
- Those with skin issues.

WHY CHOOSE BETWEEN QUALITY AND AFFORDABILITY?

SAVE MONEY USING A PRODUCT THAT LASTS **8 TIMES LONGER** THAN THE TRADITIONAL BRANDS, DESPITE MULTIPLE WASHES.

Find the **PERFECT FIT** within our vast array of sizes

The **DURABILITY** of ABRI-Fix Man makes it a very cost effective product

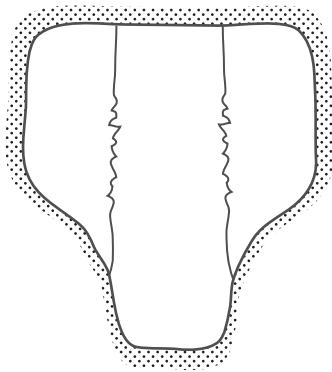

80+ WASHES

Styles guaranteed for up to **80 WASHES**; can also be tumble-dried

EXPERIENCE
THE PERFECT
FIT ALL DAY,
EVERY DAY

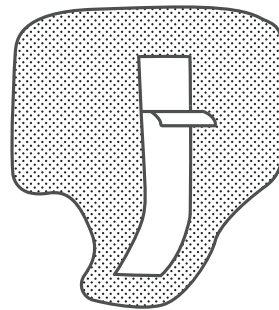

UPRIGHT POSITION

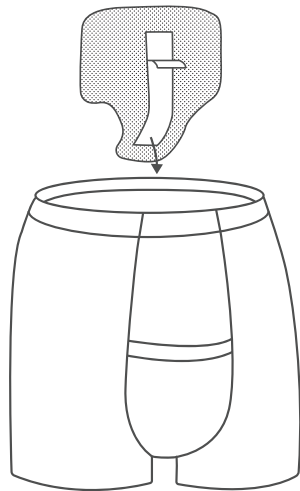

1

Unfold the pad.
Do not touch the inside surface of the pad.

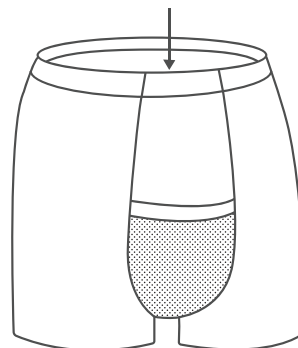

2

Remove the release paper to expose the self-adhesive strip.

3

Place the pad in a close-fitting undergarment or ABRI-Fix Man, broad side up to the front.

4

Put on the undergarment or ABRI-Fix Man.

ABENA PANTS™ | PROTECTIVE UNDERWEAR

Unlike other equivalent incontinence products, ABENA Pants have **more elastic threads**, which provide a **tight and comfortable fit** and security **for active use**. They maintain the Abena quality features of **softness, Top-Dry layer system, breathability, and leakage security.**

BEST FOR:

- Active, mobile individuals who value the convenience of underwear.
- Light to heavy urine loss; light fecal leakage.
- Nighttime protection if using a pad during the day.
- Those experiencing mental confusion, Alzheimer's, or dementia.

WHAT CAN ABENA PANTS DO FOR YOU?

Strategically designed surface inlet channels ensure instant absorption for extended wear, healthy skin, and peace-of-mind.

Engineered with super absorbent materials and anatomically designed barriers to reduce the chance of leakage.

Advanced odor control system and innovative core locks away wetness and odor for a confident, worry-free experience.

Fully breathable backsheet promotes a cooler, more comfortable wearer experience while promoting skin health.

*Use largest measurement of waist/hip

**ISO 11948-1 (Rothwell)

ABENA BOOST™ | BOOSTER PADS

ABENA Boost is a **rectangular incontinence pad** designed **without** moisture-proof backing. This **"Flow-Thru" design** allows you to **add ABENA Boost to any brand of disposable incontinence briefs** or protective underwear to **increase absorbency**.
NOT to be used with normal underwear.

BEST FOR:

- Those that need supplemental absorption.
- Women during pregnancy and postpartum use.
- A cost-effective solution for heavy incontinence needs.
- Noiseless and foil-free backsheet for total discretion.

provides added absorbency to your everyday brand of disposable incontinence products.

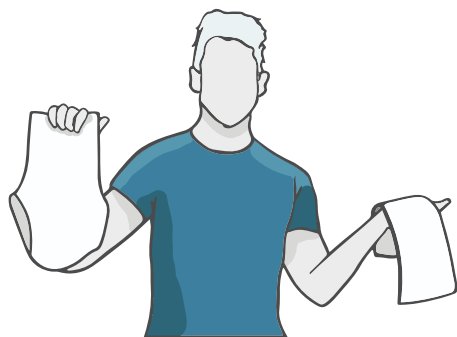

FAST-DRYING TOP-SHEET
quickly pulls moisture away from your skin for a dryer and more comfortable feeling all day and all night.

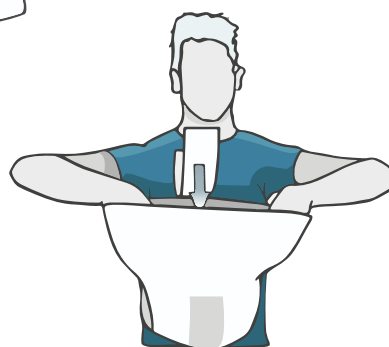

ABENA's proprietary **ODOR SYSTEM** neutralizes unpleasant smells, for extra comfort and confidence.

THE
PERFECT
BOOST WHEN
YOU NEED IT MOST

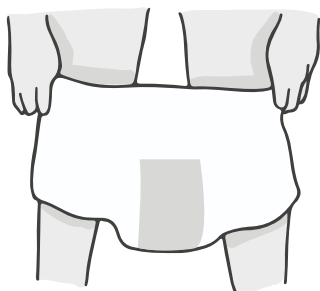

*ISO 11948-1 (Rothwell)

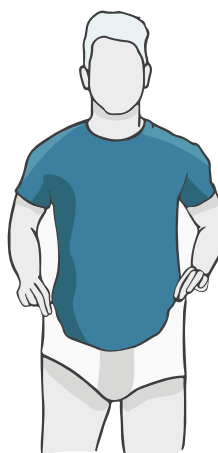

- 1** Select your tabbed brief or disposable protective underwear and take one pad from the ABENA Boost™ package.

- 2** Open your brief or protective underwear to reveal the groin area. Place ABENA Boost™ in the middle of your current product.

- 3** Pull or secure the product with the pad inside to its proper fit.

- 4** It may be necessary to manually adjust the positioning of the pad to achieve both comfort and ideal placement.

DELTA SERIES

Experience the high quality of Abena with an affordable price tag we can all agree on.

QUALITY & AFFORDABILITY

Each product provides high quality features at a lower cost than the premium ABRI line of incontinence products.

DOUBLE ABSORBENT CORE TECHNOLOGY

The double absorbent core structure ensures instant absorption for extended wear, healthy skin, and peace-of-mind.

HYDROPHOBIC CUFFS

The internal hydrophobic cuffs prevent leaks, since they run from edge to edge, providing ultimate leakage protection.

CLOTH BACKSHEET

The cloth backsheet ensures that no liquid or odor escapes from any DELTA product, so you can feel extra secure.

ABENA
DELIVERS
CONFIDENCE
& EMPOWERMENT

DELIVERING THE MOST RELIABLE PROTECTION

ODOR SYSTEM

Advanced odor control system and innovative core locks away wetness and odors.

SECURE SIDE PANELS

Fastening system equipped with double-adhesive tabs and hooks to allow for easy repositioning.

SUPER ABSORBENT CORE

Double absorbent core transfers wetness and moisture quickly away from the skin, ensuring the feeling of dryness.

LEAKAGE PREVENTION

Anatomically-designed advanced leakage barriers are strategically placed and aligned with the body to reduce the chance of leakage.

DELTA-FLEX™ | PROTECTIVE UNDERWEAR

DELTA-Flex briefs have a **double layer core** that provides **greater absorbency**, and transfers wetness and moisture quickly away from the skin, **ensuring the feeling of dryness**. Can be worn just like normal underwear, enhancing the feeling of **freedom, confidence, and dignity**.

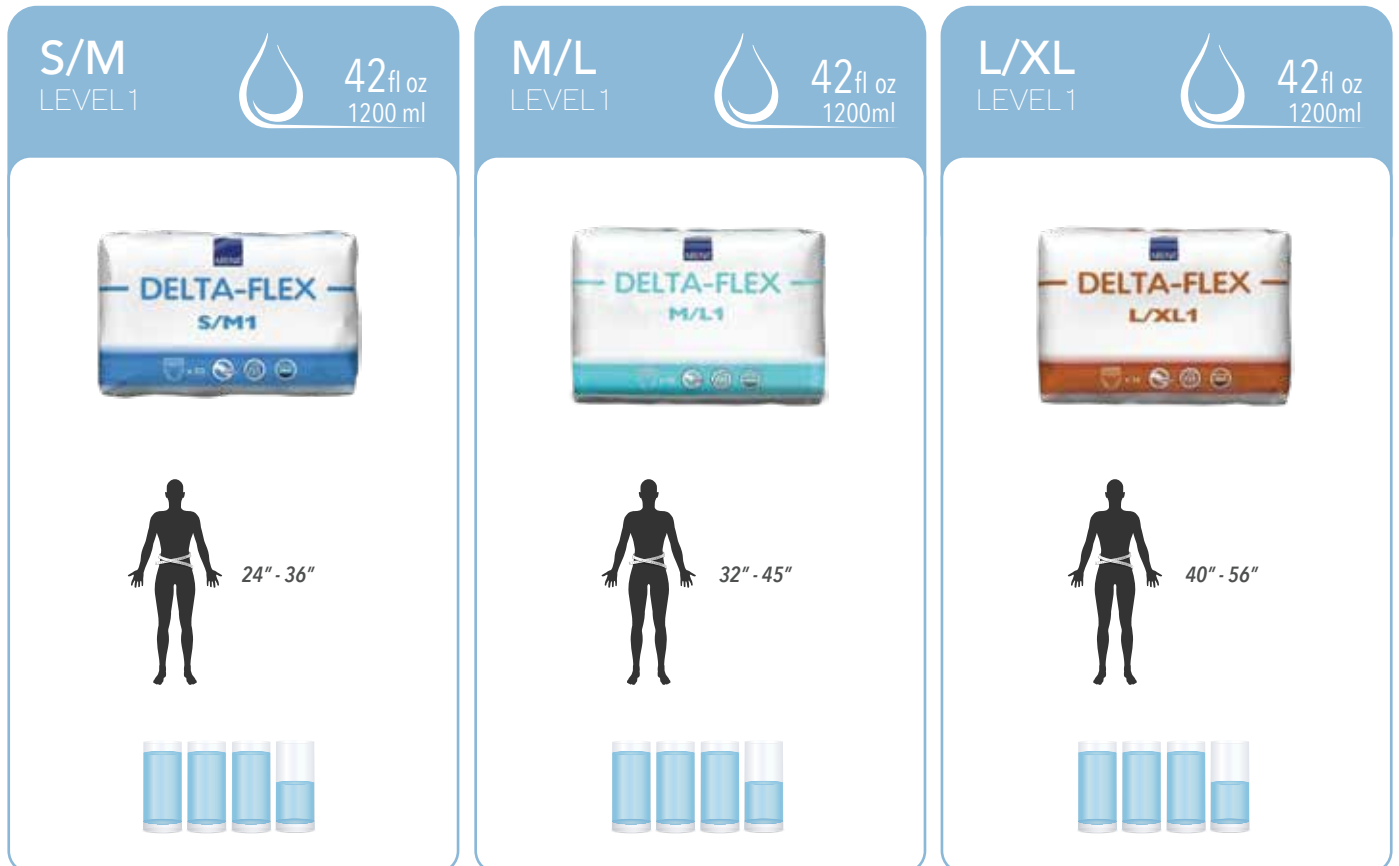

BEST FOR:

- Active, mobile individuals who value the full security of underwear.
- Light to heavy urine loss; light fecal leakage.
- Nighttime protection if using a pad during the day.
- Those experiencing mental confusion, Alzheimer's, or dementia.

ABRI-Flex VS DELTA-Flex...What's the difference?

DELTA-Flex protective underwear offers superior absorbency, comfort, and leakage protection. The cloth-like outer covering is incredibly soft and partially breathable. Our premium ABRI line has a more elastic waistband and is fully breathable, with additional third-party certifications.

	Absorbent	Odor System	Leak Barriers	Elastic Waistband	Top-Dry	Fully Breathable	12-Hr. Wear	Derm. Tested	FSC™-Certified

**ISO 11948-1 (Rothwell)

DELTA-FORM™ | ADULT BRIEFS

DELTA-Form briefs offer **leak guards, refastenable tapes**, and high performing **absorbent materials**. All DELTA-Form products feature color-coded, soft, **cloth-like backsheets**. They are **non-breathable** for **optimal odor and wetness control**.

BEST FOR:

- Mobile individuals who value superior protection.
- Light to heavy urine loss; light fecal leakage.
- Nighttime protection if using a pad during the day.
- Ultimate odor and wetness control.

ABRI-Form VS DELTA-Form...What's the difference?

Abena is known for producing some of the best adult incontinence products on the market. DELTA-Form briefs come without an elastic waistband, which makes them more affordable for our customers. Unlike our premium ABRI line, the DELTA line is not fully breathable, yet they still emphasize liquid and odor protection.

HEMOCARE ESSENTIALS

Abena's bed protection has been developed in close cooperation with end-users, care staff, and our own nurse specialists.

CUSTOMIZED SOLUTIONS

These products are a part of Abena's customized solution for hospitals, clinics, nursing homes, home care and more; and are an important part of our full continence solution.

SUPER ABSORBENT

Strategically designed surface inlet channels ensure instant absorption for extended use, healthy skin, and peace-of-mind.

WATERPROOF BACKSHEET

Our underpads have a waterproof PE backsheet to ensure leakage control.

ECO-FRIENDLY

Our raw materials and manufacturing process have more eco-certifications than any other competing brand on the market.

EVERYDAY
PRODUCTS
UNLIKE ANY
OTHER

DELIVERING THE MOST EFFECTIVE PROTECTION

WASHABLE

Can be washed in heat up to 203°F and tumble dried on medium heat.

BED/CHAIR PROTECTION

The back of the underpad is made of a waterproof PE backsheet which ensures no liquid escapes from inside the pad.

NONWOVEN TOPSHEET

The underpads are made from nonwoven material, which ensures strong, tear resistant top layers.

LEAKAGE PREVENTION

These underpads have four sealed edges to ensure leakage control.

ANTI-LEAK STITCH PATTERN

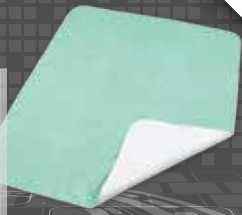

The underpads are made with a diamond pattern to maximize absorbency by spreading liquid across the pad.

HEMOCARE ESSENTIALS | WASHABLE UNDERPADS

Washable underpads are ideal for use as **additional protection for beds and chairs**. The combination of the compact **central absorbent layer** and **knitted polyester surface** of the underpads help maintain a **dry surface while in use**.

ADVANTAGES:

- Fast and high absorption.
- Eco-friendly alternative to disposable underpads.
- CE-label according to EU Directive for Medical device 93/42/EEC, class 1.

WASHABLE UP TO 300 TIMES
CAN BE WASHED IN HEAT UP TO 203°F
AND TUMBLE DRIED ON MEDIUM HEAT.

Washable underpads have a **HIGH LEVEL OF COMFORT** as they do not crease underneath the user.

DEVOID of allergens, harmful **CHEMICALS**, latex, and chlorine bleach to ensure **HEALTHY SKIN**.

ECO-FRIENDLY materials ensure sustainable manufacturing and skin-friendly products.

ABENA WIPES

The ABENA wipe collection provides a wide variety of options so you can find the perfect companion for keeping you as clean as a whistle.

97% PHARMACEUTICAL GRADE WATER

This water is purified in several stages, helping to ensure that our cleansing wipes are safe and gentle on the most sensitive skin.

DESIGNED
TO STRETCH
AND KEEP
YOU FRESH

DELIVERING THE MOST HYGIENIC SOLUTIONS

DESIGNED FOR EASY USE

The pocket shape and staggered opening allow the gloves to stay on the hand.

EMBOSSED TEXTURE

Helps retain dirt and wash in a gentle way.

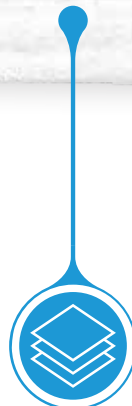

VITAMIN E

Abena cleansing wipes contain vitamin E for skin hydration. It is an antioxidant that protects skin cells from getting damaged.

ALOE VERA

Aloe vera acts as a moisturizing agent. Adding it to the wipes helps soothe and moisturize sensitive and irritated skin.

STRETCHY NONWOVEN

The wipes are made from stretchy nonwoven material, which ensures strong, tear resistant top layers.

ABENA WIPES

Abena's body wash range has been developed in close cooperation with end users, care staff, and our own nurse specialists. Specially designed and engineered for cleansing or washing any part of the body, our product line includes wash gloves, personal care wipes, and stretchable wipes.

BEST FOR:

- Those that need gentle, hygienic body cleansing.
- Those looking to soothe irritated skin.
- Saving time and energy with easy disposal of cleansing products.

CUSTOMIZED SOLUTIONS

THE PRODUCT RANGE IS BASED ON THE NEEDS OF CUSTOMERS AND INCLUDES SOLUTIONS FOR ALL BODY WASH TASKS.

Our multi-use **STRETCHABLE** wipes contain aloe vera, vitamin E, and are made with 97% pharmaceutical grade water.

Our **PERSONAL CARE** wipes have a high level of softness and absorption, while offering a wide variety of sizes and foldings.

Our **WET WASH GLOVES** are a skin-friendly alternative to soap and water, ultimately bringing bed bathing to the next level.

A
CONVENIENT
ALTERNATIVE
TO SOAP & WATER
