

Add-on Accessories

- **Call-Send Control**

- » Allows additional stations, such as top or bottom of landing, to call the PASSPORT up or down
- » Mushroom-head control switches are easy to use, even with limited motor skills
- » Tower is pre-wired for one call box (splitter is included with additional boxes)

- **Wireless Remote**

- » Key fob transmitter allows operation of the PASSPORT from nearby remote locations, including your vehicle or house (splitter included)
- » Can be used with or without the call-send control

- **Safety Pan Weather Guard**

- » Helps keep the safety pan free of debris

- **Platform Safety Rail**

- » Provides additional stability for lift riders

- **Interlock**

- » Safety device intended to prevent an existing door from being opened when the lift is in the down position

- **Top Landing Gate**

- » Used to control the access between the PASSPORT and your upper landing, porch or deck and may be required by your local building codes
- » Features a mechanical interlocking latch with magnetic read switch that keeps the rider protected and safe from accidental injury and prevents improper operation of the lift
