

Concentrators

Millennium M10 concentrator

Delivers up to 10 LPM of oxygen reducing the delivery costs associated with 5 LPM and above oxygen patients. The M10 is engineered to reduce the cost of providing oxygen at higher liter flow and has fewer parts than any other concentrator on the market. Fewer parts, combined with greater reliability, help you to reduce expenditure on accessories and unnecessary inventory. The Millennium M10 is designed to be the highest performing and most reliable oxygen machine available.

Part number		HCPCS
M10600	Millennium 10-liter oxygen M10 concentrator	E1390
M10605	Millennium 10-liter oxygen M10 concentrator with OPI	E1390
M10600-10	Millennium 10-liter oxygen concentrator, transfill	
M10605-10	Millennium 10-liter oxygen concentrator with OPI, transfill	

Both units include a patient manual.
