Feel good. Move better.

A man with curly hair and a beard is captured in a dynamic pose, dribbling a soccer ball on a gymnasium floor. He is wearing a dark blue and light green athletic shirt, dark shorts, and a dark blue knee brace on his left knee. Several bright green cones are arranged in a line on the floor in front of him. The background shows a large indoor sports facility with high ceilings and windows.

Actimove – Feel good. Move better.

Dear Valued Customer,

BSN Medical Inc., an Essity company, always aims to offer our customers the best possible products at a great value. Therefore, I am pleased to announce the upcoming launch of a new line of medical braces and supports under our redesigned Actimove® brand, a fresh brand with the same trusted products you expect.

Addressing the individual needs of your varied customers, we have developed five new ranges of high quality orthopedic products designed for functionality, comfort, and help to relieve pain, with special features such as COOLMAX® AIR*:

- Sports Edition
- Everyday Supports
- Arthritis Care
- Kids
- Professional Line

The initial launch is targeted for September 16th, 2019 and 46 new products will be available. Please note that a select group of FLA Orthopedics® products will be transitioning to the Actimove® brand in the next few months. Enclosed you will find a list of FLA products that will be discontinued and their substitutes, along with the pricing of the new line.

We are extremely excited to introduce this line to our customers and we will work together with you to support the transition. We are confident that our new assortment, redesigned packaging, and point of sale tools will help promote product choice and maximize inventory efficiency.

More details on the products will be available upon official launch. We thank you for your continued support. Should you have any questions, please do not hesitate to contact your Essity sales representative.
