

Intelli-Flo®

These revolutionary pads offer temperature specific to each treatment area, allowing for consistent cold delivery. The ergonomic design provides exceptional coverage, static compression, and patient comfort. Intelli-Flo Pads are compatible with Polar Care Kodiak only. Proper use requires an insulation barrier between the Intelli-Flo Pads and the patient's skin. The water impermeable Sterile Polar Dressings offered by Breg provide an appropriate and complete barrier between the pad and the patient's skin.

Common Examples of Use

- Post Operative
- Arthroscopic Procedures
- Reconstructive Procedures
- Plastic Surgery
- General Surgery
- Post-Trauma
- Chronic Pain
- Physical Therapy

Product Features

These revolutionary pads provide custom-tailored temperature control specific to each treatment area, allowing for consistent cold delivery. The ergonomic design provides exceptional comfort and coverage. Please note: A barrier must be applied between the Intelli-Flo Pad and the patient's skin. The Sterile Polar Dressings are water impermeable barriers that provide complete coverage between the pad and the patient's skin.

Category: Pads.
