

Advanced Wound Care

TCC-EZ[®] – Combining the art and science of wound care to help you provide optimal patient outcomes

- TCC-EZ[®] Healing Chamber™ offers both histological and mechanical benefits to promote healing
- TCC-EZ Healing Chamber™ is designed to reduce shear and pressure forces
- Total Contact Casting has been shown to support 88% DFU wound closure rates in 43 days¹
- Eliminates propulsive forces and reduces shear effects on the wound
- Designed to provide clinicians with an easy to use and effective solution for off-loading DFUs
