Product Guide

A World Leader in Healthcare Manufacturing

abenausa.com

About Abena

Abena is a family-owned Danish company based in Aabenraa, Southern Denmark. It was founded in 1953 by the Terp-Nielsen family and currently employs more than 1,800 people worldwide. Decades of consistent growth have established the Abena Group as one of Europe's leading manufacturers of healthcare products.

One of Abena's main areas of expertise is manufacturing highly absorbent and environmentally responsible personal care products. These unrivaled products offer the most technological advancements available on the market today.

Abena has state-of-the-art production facilities operating 24/7 and features one of the most capable fully automated logistics centers in the world. Our factory holds ISO 9001, 14001 and 18001 certifications.

Abena products are sold all over the world by Abena subsidiaries or our professional network of exclusive distributors. Together we offer individualized solutions that place the users and their quality of life first. Abena places strong action behind sustainability and environmental concern, and it is our mission to hold the highest environmental profile in the market.

Abena North America Headquarters | San Marcos, CA

ABENA Pants Premium

A soft and secure fit for active users

Modern pants that can be worn like normal underwear with absorption levels covering a wide range of needs. ABENA Pants are a good solution for users, who are self-reliant in regard to changes and toilet visits and live an active lifestyle.

- **360° leakage protection**

ABENA San Premium

Stays in place and prevents leakages

ABENA San Premium in size 1-4 is a range of thin, anatomically shaped pads suitable for people living with light to moderate incontinence. All pads have peel-off tape on the back to ensure that the product stays in place. Combined with our odor control system and leakage barriers, ABENA San allows users to feel safe and secure.

- **Fast absorption**

High-performance core and Top-Dry Technology ensure a dry feeling even after multiple voids

- **Leakage protection**

Extra leakage protection due to both lying leakage barriers and/or elasticated foam edges that create a bowl shape

- **Fully breathable materials**

High-quality materials help maintain skin integrity by allowing heat and moisture to evaporate

- **Odor control**

This system minimizes any unpleasant smells

ABENA San Premium

Optimum leakage protection

ABENA San Premium in sizes 5-11 is a range of anatomically shaped pads that are used together with special fixation pants. This two-piece system ensures comfort for the user and that the pad stays in place, while also reducing the risk of leakages. Further, ABENA's life cycle assessment has shown that the two-piece system uses fewer raw materials and has less impact on the environment.

■ 360° leakage protection

The combination of leakage barriers (lengthwise and cross barriers) and elastics offer optimum leakage protection
