

ICEMAN[®] FAMILY FEATURES:

PROVEN PERFORMANCE

- Clinically tested with over 200 athletes
- Superior efficacy for reducing inflammation and relieving cold therapy solutions
- Designed through "direct customer" interaction and feedback

TECHNOLOGY ADVANTAGE

- Semi-closed loop technology helps reduce heat loss and maintain circulation throughout the cold pad, eliminating freezing joint temperatures

PATIENT CONVENIENCE AND EASY-OF-USE

- Coolers designed for easy set-up
- Designed for easy portability and storage
- A complete line of cold pads to help deliver cold therapy to where it is needed for most

DONJOY COLD WRAPS

- DonJoy offers a sweat-cool wrap system to use with the eCooler Cold Therapy Pads. The wraps help help secure and hold the cold pad in place, cover the affected area, in conjunction with a barrier.

DONJOY[®] WRAP-ON PADS

- DonJoy offers a variety of different cool wraps in 16-16 pad designs, each in delivering therapy to various parts of the body. Cold Pads are designed to be used in conjunction with a moisture barrier (DonJoy and/or DonJoy).

- Universal
- Hip
- Ankle

DONJOY COLD PADS

- DonJoy offers a variety of different sterile and non-sterile cold pads to aid in delivering cold therapy to various parts of the body. Cold Pads are designed to be used in conjunction with a moisture barrier (DonJoy and/or DonJoy).

- Universal
- Ankle

DONJOY STRAPLE DRESSINGS

- DonJoy straple dressings provide a sterile moisture barrier between the skin and the cold pad. Straple dressings are available in 4 different styles to use together with the various DonJoy Cold Pads and Wrap-On Pads.

- Regular Universal
- XL Universal

DONJOY® ICEMAN® CLEAR³ & CLASSIC³ THE CONSISTENTLY COOL ADVANTAGE

DONJOY® ICEMAN® CLEAR³ AND DONJOY ICEMAN CLASSIC³
The IceMan helps provide extended cold therapy to address a variety of indications and protocols as directed by a medical professional. Unlike other cold therapy modalities, which help maintain more consistent and accurate temperatures throughout the cold pad.

CONSISTENTLY COOL. DONJOY RECIRCULATION TECHNOLOGY.

The DonJoy IceMan feature a recirculation system that allows water to recirculate after flowing through the pad to be preserved and renewed with cooler ice water at a consistent flow rate, providing consistent cool water distribution throughout the cold pad.

ICEMANTHERM™ sensor that provides temperature feedback.
The DonJoy IceMan will only begin recirculating water if the IceMANTHERM sensor detects the temperature of the pad is above the setpoint and there is enough water to recirculate.

COMPETITORS draw water directly or pump water into the cold pad, which causes the cold pad to lose its ability to recirculate water.

The IceMan CLEAR³ helps reduce pain and swelling, speeding up rehabilitation and recovery. The IceMan helps provide extended cold therapy to address a variety of indications and protocols as directed by a medical professional. Unlike other cold therapy modalities, which help maintain more consistent and accurate temperatures throughout the cold pad.

DonJoy IceMan CLASSIC³ provides a distinct advantage with the controlled delivery of cool therapy helping patients and medical practitioners to easily manage post-operative pain and swelling.

WOUND-COOL PADS

Description (Non-Sterile)	Part Number
Universal Wound-Cool Pads, RH (10x10x1/2")	T-0279-9-0000
Universal Wound-Cool Pads, LH (10x10x1/2")	T-0278-9-0000
Universal Wound-Cool Pads, RH (20x15x1/2")	T-0280-9-0000
Universal Wound-Cool Pads, LH (20x15x1/2")	T-0279-9-0000
Universal Wound-Cool Pads, RH (10x15x1/2")	T-0278-9-0000
Universal Wound-Cool Pads, LH (10x15x1/2")	T-0279-9-0000
Universal Wound-Cool Pads, RH (12x12x1/2")	T-0280-9-0000
Universal Wound-Cool Pads, LH (12x12x1/2")	T-0279-9-0000
Adult Wound-Cool Pads, RH	T-0281-9-0000
Adult Wound-Cool Pads, LH	T-0282-9-0000
High-Fit Wound-Cool Pads, RH	T-0283-9-0000
High-Fit Wound-Cool Pads, LH	T-0284-9-0000

COLD PADS

Description (Sterile)	Part Number
Universal Cold Pads, RH (10x10x1/2")	T-0285-9-0000
Universal Cold Pads, LH (10x10x1/2")	T-0286-9-0000
Universal Cold Pads, RH (20x15x1/2")	T-0287-9-0000
Universal Cold Pads, LH (20x15x1/2")	T-0288-9-0000
Recharge Cold Pads, RH (10x10x1/2")	T-0289-9-0000
Recharge Cold Pads, LH (10x10x1/2")	T-0290-9-0000

IceMan CLEAR ³ w/ Universal Wound-Cool Pads, LH	T-13139

Proven Performance

- Proven safety
- 10+ years of experience in over 100 countries
- Developed through 30,000 customer interactions and feedback.

Technology Advantage

- ICEMANTHERM™ sensor
- Recharge flow rate
- Recirculates flow after use
- ICEMANTHERM sensor

Patient Convenience And Ease Of Use

- Plug in cold pad
- Turn on power
- Connect line of cold pads to deliver cold therapy to where it is needed the most.
