Care at home

RÜSCH® FLOCATH QUICK™ HYDROPHILIC INTERMITTENT CATHETERS

Your solution for quick, easy intermittent catheterization

Teleflex is a leading global provider of speciality medical devices for a range of procedures in critical care, home care, and surgery. Our mission is to provide solutions that enable healthcare providers to improve outcomes and enhance patient and provider safety.

The FloCath Quick™ Hydrophilic Intermittent Catheter is designed to help reduce insertion friction and comes in an easy-to-use package.

THE "ALL-IN-ONE" INTERMITTENT CATHETER PROVIDES THE ULTIMATE CONVENIENCE

- Integrated compact, discrete package contains a FloCath Quick™ Hydrophilic Catheter with patented handling sheath and a packet of sterile 0.9% saline
- Handling sheath provides an easy grip, allowing for touchless insertion
- Sheath can also be pushed back and used for extended reach
- Soft eye technology and a gentle tapered tip for comfortable insertion
- Color-coded funnel to easily identify size
- Not made with natural rubber latex
- Available in Straight, Female, and Coude
- Sold individually or as part of a kit
