## Discreet Disposal

- Perfect Solution for Discreet Adult Brief Disposal
- Odour-Free Receptacle for Improved Quality of Life

JANIBELL<sup>®</sup>  
**akord**<sup>™</sup>  
 Discreet Disposal

The Janibell<sup>®</sup> Akord is a discreet and elegant solution for adult incontinence disposal.

**Odour-Free**

The akord's double-seal system and powder-fresh liner refills lock odors in, keeping rooms smelling clean and fresh. Quality of life should not be compromised by unpleasant and potentially embarrassing scents.

**Sanitary**

Disposing of soiled brief is made as hygienic as possible with Akord's design. Thanks to the foot pedal, operation is hands-free. And users will never come in contact with the inside contents when emptying the canister.

**Economical**

The continuous liner was designed to be zero-waste. Even if the receptacle is emptied before it's full, there will be no bag waste, greatly increasing value for consumers.

**Eco-Friendly**

In addition to the zero-waste design, the liners are latex-free and are made from 20% recycled materials.

**Large Capacity**

The Akord has an 11-Gallon capacity, while the Akord Slim has a 7-Gallon capacity, limiting frequent emptying. Having a full load is worry-free, thanks to the super strong liner that resists stretching and tearing.

**Attractive and Durable**

Akord's sleek and elegant design looks great in any room. In addition to being aesthetically pleasing, the non-porous ABS resin composition ensures durability and ease of cleaning.
