

Spadané™ Spa Essentials

Apollo is now offering a new brand of Skin Care Products – Spadané Spa Essentials. We're applying our 38 years of experience serving the healthcare industry to create a new line of personal care products that deliver the very best in skin and hair care. Our first product offering under the Spadané brand is a personal care kit featuring 4 daily essentials all beautifully packaged in a convenient case. We hope you'll consider applying the Spadané personal care kit in your business:

- As a personal care package for your LTC residents
- As a welcome gift to your new guests to transitional care
- As a featured product in your gift shop
- As a thank you gift to your employees

THE SPADANÉ BRAND

The name Spadané is derived from the world's first spa *Aquae Spadanae*, where the ancient Romans first pursued therapeutic hydration and nurturing of the skin and body.

In that tradition, Spadané conveys our commitment to promoting superior health with our leading quality products specifically formulated to support total body health and well-being.

The premium ingredients used in all of our lotions, rinses, body washes and shampoos provide the very best in personal care, to effectively rejuvenate, moisturize and protect.

KIT CONTENTS

Each kit includes four care products each in a 4-ounce bottle plus a carrying case that features a card holder on the back to hold your company's promotional card.
