Nobody knows baby better than mom,
so we asked mom what's most important when choosing
a diaper for baby.

1

Absorbency & Leakage Protection

Mom wants absorbent diapers that prevent leaks. Leaky diapers lead to wet clothes, unhappy babies and middle of the night wake up calls.

2

Skin Health

Mom wants soft, hypoallergenic materials, gentle on baby's skin.

3

Diaper Fit

Mom wants a snug-fitting diaper that provides leakage protection, comfort, and ease as baby moves and grows.

4

Comfort

Mom wants soft diapers, tailored for a natural fit, that stay dry and comfortable.

5

Great Design

Mom also wants fun, colorful and playful diaper designs.

To address mom's needs we introduced
