**Ostomy
Product Guide**

🏛 ConvaTec

We drive for excellence in all we do—anticipating and addressing our customers' needs with advanced technologies and best-in-class products and services

With products that truly fit, my patients can live the lives they want to live.

Model portrayal, for illustrative purposes only

"My friends are like family. Having their support throughout this transition has been a blessing."

Paul

Model portrayal, for illustrative purposes only

me+™ supports the 'whole' person for life

Healthcare professionals spend their days helping patients live their best lives. me+™ complements this care by surrounding patients with the support, insights and products they need to live life with an ostomy on their own terms.

me+ care
Products, supplies and advice for the first few weeks at home.

me+ support
Live experts by phone or e-mail for any questions you may have.

me+ answers
An in-depth resource covering everything ostomy.

me+ style
Clothes that conceal your ostomy pouch – and look great too.

me+ community
Inspiring stories and ideas from others living with an ostomy.

Live experts are available by phone or e-mail for any questions you may have in any language you need.

Call us at 1-800-422-8811 (M-F, 8:30 AM-7:00 PM EST) or e-mail CIC@convatec.com

Table of Contents

eakin® Cohesive® PASTE

The alcohol-free, non-sting[1] adhesive paste for use in ostomy, wound & fistula care.

eakin® Cohesive® PASTE is a stoma paste with a difference. It is a part of the eakin Cohesive family of products that have been protecting peristomal skin for decades and can be used in conjunction with all eakin products.

ConvaTec

Ostomy Skin Care & Accessory Products

Looking after your peristomal skin is an essential part of long-term stoma management. But sometimes a simple appliance is not enough. That's why ConvaTec skin care and accessories can serve as an important accompaniment to your daily routine.

1. McGroggan, G. (2016) Cohesive Paste: Formulation Safety.

Skin Care & Accessory Products

DIAMONDS™ Gelling and Odor Control Sachets

Gels liquid contents and reduces or eliminates excess gas, enabling the user to achieve a flatter, more discreet pouch.

HCPCS A4422

Product Code	Box of
TR105	100 Sachets

AllKare® Adhesive Remover Wipe

For the gentle removal of all adhesives, including skin barriers, tapes, and hydrocolloid dressings. The AllKare® Adhesive Remover Wipe formula effectively removes tape, skin barrier/wafer, and adhesive residues from the skin.

HCPCS A4456

Product Code	Box of
037436	50
037443	100

Sensi-Care™ Sting-Free Adhesive Remover Wipe

Non-alcohol, silicone based formula that offers fast removal of adhesive residue while designed to minimize painful skin stripping on removal.[1]

HCPCS A4456

Product Code	Box of	Boxes per Case*
413500	30	20

* Sold by the case.

Sensi-Care™ Sting-Free Skin Adhesive Releaser

Non-alcohol, silicone based formula that offers fast release of adhesives from the skin while designed to minimize painful skin stripping on removal.[1]

HCPCS A4455

Product Code	Aerosol can size	Box of	Boxes per Case*
Non-Sterile 413499	50 mL	1	12
Sterile 420798	150 mL	1	12

* Sold by the case.

* Sold by the case.

Stomahesive® Paste
(Pectin-based Protective Skin Barrier)
Use as a filler in uneven skin surfaces to help increase ostomy system wear time and protect skin.

HCPCS A4406

Product Code	Size	Box of
183910	2 oz. tube	1 tube

Eakin® Cohesive® Paste
(Alcohol-free)
Use to fill crevices, skin folds and scars to help create an even pouching surface. This improves the likelihood of good adhesion and helps reduce the risk of leakage.

HCPCS A4405

Product Code	Size	Box of
839010	2.1 oz. tube	1 tube

Stomahesive® Protective Powder
This preparation helps form a protective barrier against excoriating discharge on compromised skin.

HCPCS A4371

Product Code	Size	Box of
025510	1 oz. bottle	1 bottle

Stomahesive® Skin Barrier
A multipurpose skin barrier designed to help protect peristomal skin. Available in sterile and non-sterile forms.

Product Code	Size	Box of	HCPCS
Non-Sterile			
021712	4" x 4"	5	A4362
021715	8" x 8"	3	A5122
Sterile			
021901	4" x 4"	5	A4362

Stomahesive® Strips
(Moldable Adhesive)
Double sided Stomahesive® Strips for use as a filler to protect or fill-in uneven skin surfaces next to an ostomy, fistula, or wound.

HCPCS A4362

Product Code	Size	Box of
025542	3 cards of 5 strips each	15

Eakin Cohesive® Seals
A donut-shape ostomy accessory that can be molded to a variety of shapes. It acts as a gasket or barrier, and provides enhanced protection for hard-to-fit stomas. The unique moldable hydrocolloid barrier forms a gel that helps prevent skin damage by sealing the area between the skin and the ostomy appliance.

HCPCS A4385

Product Code	Size	Box of
839002	Small 2"	20
839001	Large 4"	10
839005	SLIMS 2"	10

Eakin Cohesive® StomaWrap™
Designed for large or oval shaped stomas and for people with limited dexterity, it allows for a quick pouching routine.

HCPCS A4385

Product Code	Size	Box of
839006	3 1/3"	10

Eakin Cohesive® Skin Barrier
A moldable and moisture-absorbing skin barrier. It is designed to help protect the skin from contact with body fluids. It is used wherever the skin is damaged, excoriated or vulnerable and needs protection from body wastes and fluids.

HCPCS A4385

Product Code	Size	Box of
839004	Small 4" x 4"	5
839003	Large 4" x 8"	5

DuoLock™ Curved Tail Closures
For use with ConvaTec Drainable Pouches

HCPCS A4363

Product Code	Box of
175652	10

ConvaTec® Tail Closures
For use with ConvaTec Drainable Pouches

HCPCS A4363

Product Code	Box of
175635	10

Ostomy Appliance Belt
(Adjustable up to 42")
May help provide an added sense of security.

HCPCS A4367

Product Code	Box of
175507	1

ConvaTec® Night Drainage Container Set
Set contains:
1 ConvaTec® Night Drainage Container with tubing
1 ConvaTec® Night Drainage Container Cover
1 universal adapter

SUR-FIT® Natura® Disposable Convex Inserts are not available for stoma sizes wider than 1 3/8".

Two-Piece Ostomy Systems

Natura® + and SUR-FIT® Natura®—
An innovative line of pouches and skin barriers for every lifestyle.

# Natura® + and SUR-FIT® Natura® Two Piece Products

The **Natura®** + and **SUR-FIT® Natura®** Two-Piece Ostomy System is ConvaTec's most extensive two-piece product line. The SUR-FIT® Natura® Flange System signals a secure, accurate closure with a series of audible "clicks." A simple snap-off, snap-on design allows users to change the pouch quickly to match activities without removing the skin barrier from the skin.

When it comes to Natura® + and SUR-FIT® Natura® ostomy products, we recommend you take a look at the innovative pouch and skin barrier features that have been combined with our Stomahesive® and Durahesive® adhesives. The SUR-FIT® Natura® ostomy system offers special moldable skin barriers for a personalized, custom fit around the stoma to help protect skin. The Natura® + and SUR-FIT® Natura® pouches are available in drainable, closed-end, urostomy, transparent and opaque. In addition, they are available with a filter and the InvisiClose® clipless tail closure.

SUR-FIT® Natura® Durahesive® Skin Barriers

(compatible with Natura® + and SUR-FIT® Natura® pouches)
Durahesive® skin barriers are designed for people whose stoma output is mostly liquid. Unlike other skin barriers/wafers that can break down when exposed to liquid output, Durahesive® skin barriers/ wafers swell up to protect the stoma. This special effect, called turtle-necking, helps create a more secure seal without harming the skin. Durahesive® skin barriers are also easy to fit, apply, and remove.

Natura® Durahesive® Skin Barrier with ConvaTec Moldable Technology™ and Accordion Flange
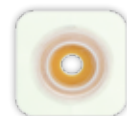

hydrocolloid tape collar, tan

Go Moldable

ConvaTec Moldable Technology™

ConvaTec

Now available in more options, to help give your patients the freedom and confidence to live life to the fullest.

ConvaTec Moldable Technology™ creates an elastic-like seal that "rebounds" to fit any stoma size and shape—and then "turtlenecks" upward, to help enhance the seal and protect the skin.

Only one skin barrier delivers the powerful, proven protection of ConvaTec Moldable Technology.™

50% of ostomates have skin issues[2,3]

34% have peristomal skin complications within the first 3 weeks post-op[4]

47% within the first 2 months[5]

52% within the first year[3]

95% of people who started on ConvaTec Moldable Technology kept their skin healthy.[1]

86% of people who switched to ConvaTec Moldable Technology improved their skin condition.[1]

No cutting. Elastic-like seal. Turtlenecks.

Easy No Cutting or Guesswork

Snug Rebounding Memory Technology™ enables custom fit

Secure Turtlenecks around the stoma to protect against leaks

SUR-FIT® Natura® Stomahesive® Skin Barriers

(compatible with Natura® + and SUR-FIT® Natura® pouches)
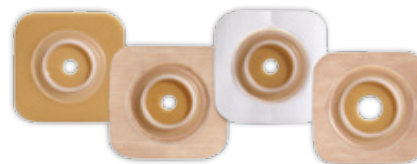

Stomahesive® skin barriers are ideal for people whose stoma output is semi-formed to formed stool. This reliable skin barrier provides a special formula that enables the skin barrier to adhere to both dry and moist skin. It holds firmly to skin while helping to protect against irritating output. Another feature of the Stomahesive® skin barrier is an outer protective coating which helps keep it in place. Plus, Stomahesive® skin barriers are easy to fit, apply, and remove.

Natura® + Pouches

(compatible with SUR-FIT® Natura® and Natura® skin barriers)

ConvaTec developed these innovative pouches to be noticeably more comfortable and more discreet. The Natura® + pouching system offers the latest technologies from ConvaTec including:

• Filter with anti-clogging film layer
• Soft and quiet materials
• InvisiClose® tail closure
• Lock-it Pocket™ that securely hides away the tail giving the comfort of a closed end pouch

These pouches combined with ConvaTec advanced skin barrier adhesives offer security, comfort and discretion.

SUR-FIT® Natura® Drainable Pouches

(compatible with SUR-FIT® Natura® and Natura® skin barriers)

SUR-FIT® Natura® drainable pouches are fast drying. With streamlined body contour panels, low-profile design, and less headroom, they distribute pouch content more evenly and away from the stoma. All drainable pouches have a wide tail opening for easier emptying.

The SUR-FIT® Natura® drainable pouches are also available with the InvisiClose® tail closure system and with a filter. The InvisiClose® clipless tail closure offers double security, ease of drainage, comfort and cleanliness.

SUR-FIT® Natura® Closed-End Pouches
(compatible with SUR-FIT® Natura® Skin Barriers)

SUR-FIT® Natura® Closed-End pouches are designed for one-time usage, and may be used everyday, for special occasions or intimate moments. They are available with a filter that is designed to reduce odor and gas buildup. There's no draining or uncomfortable clip to worry about. When you're ready, you simply remove the pouch, place it into a disposable bag, then discard it.

Two-Piece Ostomy Systems

Esteem synergy®+, ConvaTec's lowest profile two-piece solution with Adhesive Coupling Technology™.

Esteem *synergy*® + and Esteem *synergy*® Two-Piece Ostomy Systems

The Esteem *synergy*® + and Esteem *synergy*® ostomy system utilizes an innovative Adhesive Coupling Technology™ that connects the pouch to the skin barrier and eliminates the need for plastic rings that must be snapped or locked together. Esteem *synergy*® ostomy system is ConvaTec's innovative product that provides the skin friendliness and versatility of a two-piece system, as well as the low profile, comfort, and flexibility of a conventional one-piece system.

The Esteem *synergy*® ostomy system has a flat, flexible adhesive foam ring on the pouch that securely adheres to a clear, flat, flexible plastic "Landing Zone" flange on the skin barrier.

Esteem *synergy*® Skin Barriers

(compatible with Esteem *synergy*® + and Esteem *synergy*® pouches)

The landing zone flange on the skin barrier is square and is slightly larger in size compared to the round adhesive ring on the pouch.

Esteem *synergy*® + Pouches

(compatible with Esteem *synergy*® Skin Barriers)

ConvaTec developed these innovative pouches to be noticeably more comfortable and more discreet. The Esteem *synergy*® + pouching system includes:

• Filter with anti-clogging film layer
• Soft and quiet materials
• Streamlined rounded shape skin barriers
• InvisiClose® tail closure
• Lock-it Pocket™ that securely hides away the tail giving the comfort of a closed end pouch

ConvaTec's pouches combined with Esteem *synergy*® + advanced skin barrier adhesives offer security, comfort and discretion.

Giving people the confidence to live life their way

ESTEEM ™ +

The Esteem™ + system is our one-piece solution, combining the skin barrier and pouch in a single unit. Easy and convenient, it's one simple step to attach or remove and provides a fresh start every time.

Product highlights

- **Trust and reassurance**— advanced filter helps minimize odor and ballooning.

- **Peace of mind**—via an easy-view window.

- **Comfort and discretion**— with soft, quiet fabric.

- **Simple, secure fastening**— with the InvisiClose® Tail Closure and Lock-It-Pocket.™

Try the Esteem™ + family of products today!

With cut-to-fit, pre-cut and ConvaTec moldable technology.

ConvaTec

One-Piece Ostomy Systems

Esteem® +, ConvaTec's low-profile one-piece solution that combines the skin barrier and pouch in a single unit.

Esteem® + One-Piece Ostomy System

Flexible and discreet, the Esteem® + one-piece system is the all-in-one solution that combines the skin barrier and pouch in a single unit. Available in multiple adhesive technologies that gently adhere to skin and protect skin from breakdown.

The Esteem® + one piece pouching system includes:
- Filter with an anti-clogging film layer
- InvisiClose® clipless tail closure with a strong hook on hook fastener
- The Lock-It Pocket™ which securely hides away the tail of the drainable pouch to provide the comfort of a closed end pouch
- Comfort panel pouch material that is soft and smooth against the skin

ConvaTec

ESTEEM™ + *Flex* Convex

The Esteem™+ *Flex* Convex is a one-piece system that fits the contours of your body, moving with you and to give you confidence to live life the way you want.

Key benefits include:

- **Moves with you –** flexible convexity fits to body contours for comfort and easy positioning.

- **Skin health and security –** hydrocolloid skin barrier is designed to stay firmly in place, helping to minimize leakage.

- **Comfort and discretion –** with soft and quiet fabric, designed to allow for a secure and comfortable experience.

Little Ones® Pediatric Ostomy System

With all the challenges that go with raising a child, finding the right ostomy product needn't be one of them. That's because ConvaTec has a line of products designed just for kids. The line features products for children who have had colostomy, ileostomy, or urostomy surgery. As with our adult line, ConvaTec Little Ones® Ostomy System products offer a full range of products to meet a child's need or parent's preference. Each has been scaled down in size to comfortably fit a child's unique body contour. Little Ones® products are designed with an active child in mind.

Color Key and Sizing Guides
Match the color of the dot on the skin barrier package with the color of the dot on the pouch package.

Little Ones® Pediatric Ostomy System
● Stoma Size: 0 - 9/10" (0-23 mm)
● Stoma Size: 1/5 - 1 1/4" (4.8-31 mm)
● Flange Size: 1 1/4" (32 mm)
● Flange Size: 1 3/4" (45 mm)

Ostomy Glossary of Terms

Abdomen — area of the body between the chest and the hips in the front part of the body that contains the digestive organs

Adhesive Coupling Technology™ — a two-piece ostomy pouching system that attaches with a tape-like adhesive rather than plastic rings snapping together

Closed-end pouch — a pouch that has no opening at the bottom and is removed and discarded after each use

Colostomy— a surgically-created opening between the large intestine (colon) and the abdominal surface

Comfort panels — ConvaTec pouches are available with 1-sided and 2-sided comfort panels for your convenience

Convexity — Convex products may be used when a stoma empties at or below the skin surface; when there are creases, wrinkles or scars near the stoma, and/or when the abdomen is very soft around the stoma

Drainable pouch — has an opening at the bottom which allows stool or urine to be drained and re-closed with a clip or self-gripping fastener hook tape

Durahesive® — is an extended wear barrier that provides the ultimate in security and adhesion for people with liquid to semi-liquid outputs

Durahesive Plus® — is an extended wear barrier available in a one-piece cut-to-fit pouch

Film — all ConvaTec pouches have built in layers that help reduce the rustling noise under clothing, and a built in odor-barrier

Filter — some ConvaTec pouches have an integral filter that helps reduce gas buildup within the pouch

Fistula — an abnormal tube-like passageway between one hollow organ in the body and another hollow organ, or the skin

Ileostomy — a surgically-created opening between the small intestine (ileum) and the abdominal surface

One-piece ostomy pouching system — the skin barrier/wafer and pouch are made as one

Ostomy — a surgically-created opening (called a stoma) in the gastrointestinal system to allow the passage of stool or in the urinary system to pass urine

Peristomal skin — the skin surrounding a stoma

Pouch with spout — drainage tap or spout at the bottom of the pouch to empty urine or liquid stool

Pre-cut — some ConvaTec skin barriers are available pre-cut to certain stoma sizes

Skin barrier/wafer — round or square-shaped with a sticky side that is applied to the skin around the stoma (called peristomal skin). Helps protect the skin from stool or urine, which can be very irritating

Stoma — a surgically-created opening on the abdomen surface. Also commonly called an ostomy. Stool or urine leaves the body through this opening instead of the anus or urethra

Stomahesive® — is a skin barrier that provides excellent security for people with semi-formed to formed output because of its special formulation that enables it to adhere to both dry and wet skin

Tape collar — ConvaTec skin barriers are available with or without tape collars. Most skin barriers with tape collars are available in white, dye-free tape or tan tape

Two-piece ostomy pouching system — skin barrier/wafer and pouch are separate and attached together with a round, plastic ring (called a flange). Pouch can be easily removed without also having to remove the skin barrier/wafer

Urostomy — a surgically created opening which allows urine to pass
