

INTRODUCING ANOTHER NEW
PRODUCT FROM CURE MEDICAL

Extra Long Cure Medical® Pocket Catheter

NOT made
with DEHP/DINP,
BPA, or NR-Latex

ANOTHER OPPORTUNITY TO SUPPORT RESEARCH

Since Cure Medical **donates 10% of net income to medical research** in pursuit of a cure for spinal cord injuries (SCI) and central nervous system disorders (CNS/D), use of the new, extra long (M14XL) Cure Medical® Pocket Catheter serves as another opportunity to advance research toward a cure.

NEW: CURE MEDICAL POCKET CATHETER (M14XL)

The popular, U-shaped Cure Medical Pocket Catheter is an ideal choice for individuals who value the convenience and discretion of carrying a catheter in a pant pocket or small bag.

Now, the family of Cure Medical Pocket Catheters includes the M14XL – an extra long, 25” option. This catheter eliminates the need to transfer from a wheelchair or use additional extension tubing.

Easier drainage isn't the only benefit. The longer length (M14XL) Cure Medical Pocket Catheter also offers all these benefits and user-driven innovations:

- Large flaps on the pouch enable a better grip for easy opening with minimal effort
- Smooth polished eyelets on the straight catheter tip increase comfort
- A packet of water soluble lubricant is included to aide in comfortable insertion
- Quality materials – not made with DEHP/DINP*, BPA, or natural rubber latex offer peace of mind
- Support of research in pursuit of a cure for SCI and CNS/D possibly offers the best benefit of all!

FREE SAMPLES

To request free samples of the new (M14XL) Cure Medical Pocket Catheter or any Cure Medical catheter, contact your local distributor of quality healthcare products or visit www.curemedical.com.
