3MHz Obstetrical Probe

Newman Medical

Newman Medical ultrasound probes have been designed to provide excellent sensitivity and durability to withstand everyday office use. The **DigiDop 3 MHz Obstetrical Probe** has a large ultrasound beam optimized early fetal heartbeat detection and use throughout pregnancy. The probe has been designed for comfort for both the provider and the patient. **Made in the USA in Colorado.** Each Newman Medical Doppler and probe must pass a series of comprehensive tests to assure quality and the durability of each product.
