Sunmark™
Antifungal

Drug Facts

Active ingredient

Clotrimazole USP, 1%

Purpose

Antifungal

Uses

- cures most athlete's foot (tinea pedis), jock itch (tinea cruris) and ringworm (tinea corporis)
- effectively relieves itching, cracking, burning and discomfort which can accompany these conditions

Warnings

For external use only

When using this product

- use only as directed
- avoid contact with the eyes

Stop use and ask a doctor if

- irritation occurs
- there is no improvement within 4 weeks (for athlete's foot or ringworm) or 2 weeks (for jock itch)

Do not use on children under 2 years of age except under the advice and supervision of a doctor.

Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- for best results, follow directions and continue treatment for length of time indicated
- to open, use pointed end on cap to puncture seal
- clean skin with soap and water and dry thoroughly
- apply a thin layer over affected area morning and evening
- for athlete's foot, pay special attention to spaces between the toes, wear well-fitting, ventilated shoes and change shoes and socks at least once daily
- best results in athlete's foot and ringworm are usually obtained with 4 weeks use, and in jock itch, with 2 weeks use. If satisfactory results have not occurred within these times, ask a doctor or pharmacist.
- children under 12 years of age should be supervised in the use of this product
