

Apollo's Hygena™ Shampoo and Body Wash

Washing with Hygena™ shampoo and body wash from Apollo eliminates strong odors, such as BM, urine and emesis, on contact. It's exclusive formula provides effective antimicrobial activity against odor-causing skin organisms, binding sub-surface organics that would otherwise vaporize and cause odors. Use Hygena™ daily for showering and tub bathing. Use it at bedside for skin cleansing and as a perineal wash to keep your residents smelling fresh and clean. It's ideal for all your residents' shampooing and body wash needs -- effective, gentle, safe and economical.

Benefits

- *Eliminates offensive odors on contact*
- *Specially formulated for all bathing and shampooing needs*
- *Gentle to skin*
- *Rinses completely, leaves no soapy residue*
- *Lubricates skin, leaves skin feeling smooth and clean*
- *Non-toxic, can be left at bedside for daily hygiene*
- *User-friendly to staff, leaves hands clean, soothed*
- *Compatible with Remedy® Ultra Violet Water Purifier*
- *Ready to use or dilute for economy*
