

## FOAM HEEL PROTECTORS

Reorder #	Size	Foam Type	Unit Quantity
<input type="checkbox"/> 503070	Universal	Standard	Pair
<input type="checkbox"/> 503080	Universal	Convuluted	Pair

If keeping heel protectors on your patient is a problem, the SUPER-SIZE FOAM HEEL PROTECTOR is the solution. Available in both standard and convuluted foam, the oversized design and secure hook-and-loop closure make these heel protectors difficult to kick off. No matter which style foam you choose, your patient is assured of superior pressure relief and anti-decubitus protection.

### EASY APPLICATION

Just place patient's foot inside the protector as shown above. Secure the hook-and-loop closure to provide a snug, secure fit. Do not overtighten.
