

Instructions:

- Print out this chart on 8.5 x 11 paper (cannot be used when on your screen).
- *NOTE: When printing out this Glove Sizing Chart, please use the "Print Icon" button and be sure to deselect either the "fit to page" or "shrink to fit" option within the print menu.*
- Size is indicated by the width of your hand just below your first knuckles.
- Place your left hand flat (palm down) on the guide with your fingers together and thumb spread. Your index finger should be flush against the heavy line, but not over it.

To ensure an accurate size, make sure this line measures 6 inches
