

INHALE & EXHALE MORE WITH EVERY BREATH

*Lung***Boost**TM
Respiratory Trainer

STRENGTHEN YOUR RESPIRATORY MUSCLES TO HELP YOU BREATHE EASIER & FEEL BETTER WITH EVERY BREATH!

The LungBoost Respiratory Muscle Trainer strengthens inhaling and exhaling muscles to help you breathe easier and feel better. Improve athletic performance and the activities of daily living.

The LungBoost Respiratory Muscle Trainer is easy to use and can be adjusted to different training levels for both beginners and advanced users. The 30 levels of training, visual display and memory option allow users to optimize a personalized training routine.

Users can strengthen respiratory muscles and maximize the breathing performance of their lungs with the Respiratory Muscle Trainer.

Perfect for your daily walk, stair climb, or marathon run.
