

Instant hot and cold packs reusable hot/cold gel packs

More than 30 years ago, we invented the instant hot and cold pack technology. We've been setting the standard for hot and cold packs, gel packs and transport packs ever since.

By choosing Kwik-Kold®, Kwik-Heat® and Jack Frost™ packs, you choose quality and convenience unmatched in the industry, including:

- ISO 13485 certification, the international quality standard for medical devices
- FDA registered contract manufacturer in the United States
- A dedicated OEM customer service and sales department
- Lower-cost shipping from our central Moberly, Missouri, manufacturing facility
- Stocking at our facility to reduce your inventory costs

Cold therapy

Our temperature-controlled packs provide a safe and consistent temperature, with an approximate duration of 30 minutes. Easy to activate – just squeeze and shake.

Jack Frost™ Instant Cold Packs

Jack Frost™ packs are manufactured from a laminated material for added strength.

Cat. no.	Description	Size (in.)	Qty./Cs	Wt. Cs (lb)
10407	Small	5 x 5.5	80	15.5
10450	Small	5 x 5.5	50 (ind. ct)	11
10104	Medium	6 x 9	24	14

Kwik-Kold® Instant Cold Packs

Cat. no.	Description	Size (in.)	Qty./Cs	Wt. Cs (lb)
103	Kit	5 x 5.5	50 (ind. ct)	13.5
103B	Kit	5 x 5.5	50	11.5
