Flush Away

Flushable Wipes

Save Money with Flush Away Flushable Wipes

Safe, Clean & Disposable Wipes

Dynarex introduces a breakthrough in a new premoistened wipe that is flushable and dispersible. Dynarex uses a **patented technology** unlike regular wipes which are only flushable because they are small enough to leave the bowl. What makes our patented product unique is its dispersibility: it easily breaks down back to fibers as it goes through the pipes. As an additional advantage, our product has cellulose fibers and is **biodegradable**.

- Safe to flush
- Cleans and moisturizes
- Convenient to use
- Soothes with the touch of aloe
- Safe for use on patients' skin
- pH balanced and alcohol free
