## Underpads Manage Moisture

Incontinence occurs in more than 50 percent of older Americans,<sup>2</sup> and it can increase the risk factors associated with healthcare-acquired pressure ulcers. Medline underpads provide outstanding absorbency to keep moisture away from patients while protecting mattresses and bedding.

### Sofnit® 200 Reusable Underpads ✓

- » Economical and durable
- » Cotton/polyester twill face fabric remains soft for patient comfort and offers high-heat resistance during drying
- » Lightweight soaker allows for processing efficiencies and remains leak-proof
