Welcome to PBE

Principle Business Enterprises, (PBE) is a woman-owned, family enterprise celebrating over 55 years of service to the healthcare field and over 30 years as a pioneer in the development of incontinence and moisture management solutions. Founded by Lee and Jim Mitchell in 1961, the company's name and corporate charter clearly speak to its ethical foundation and purpose:

"to operate its business affairs in such a manner as will accord with that fixed principle which will destine it to do nothing but that which is honorable and will promote a high standard of business ethics in its own affairs and may tend to raise and leaven the standard of business ethics of the community."

Principle Business is the acknowledged innovative leader in high performance niche products especially in the area of incontinence care, wound care and fall prevention. Its products have been designed to address risk factors and care protocols that can materially affect the quality of life for individuals in hospitals, nursing homes, clinics and homecare settings while providing exceptional customer service.

Our Mission

"To be an example of the right idea of business that operates and prospers from a principled base and tends towards **uplifting, enlightening** and **enriching** the lives of those it serves; that they might have life and that they might have it more abundantly."

Incontinence Products
Proudly Made in U.S.A.
from domestic and imported materials
(except item #2602)

Serving our Veterans with honor and dignity.

Currently, more than 22 million Veterans are in the United States with the potential need for healthcare as part of the VHA (Veterans Health Administration) system.

PBE is proud to provide our superior Tranquility products to our Veterans, so that they may live their lives with the honor and dignity they so richly deserve.

Tranquility products also assist VA healthcare professionals by improving their productivity, reducing product use, improving outcomes and saving time and money on unnecessary bed linen and clothing changes.

Tranquility delivers the confidence and performance that helps make Veterans' lives more fulfilling.

Sleep & Incontinence

Challenges involving the issue of sleep in the LTC setting include:

- Protocols that prescribe check and change every 2 hours interrupt sleep patterns.
- Frequent sleep interruptions result in poor sleep efficiency.
- Normal nighttime staff routines (medication regimens, stocking, etc.) add to disruptions of quality sleep.

Improved sleep leads to better clinical and quality of life outcomes:

- **Improved Cognition:** Tranquility superabsorbent products allow for longer periods of uninterrupted sleep, and the potential to improve cognition, reduce agitation and the need for sedation, especially in residents with dementia.
- **Less Wandering/Aggression:** Residents with dementia may experience fewer episodes of wandering and decreased resident aggression.
- **Reduced Anti-Psychotic Medications:** Decreasing the need for sedation can decrease the need for off label anti-psychotic medications.
- **Increased Participation:** More alert residents can better participate in meaningful interactions, therapy, and self-care.
- **Higher Satisfaction:** Long term care residents who sleep longer experience enriched quality of life and perceive the overall care of the facility as more satisfactory.

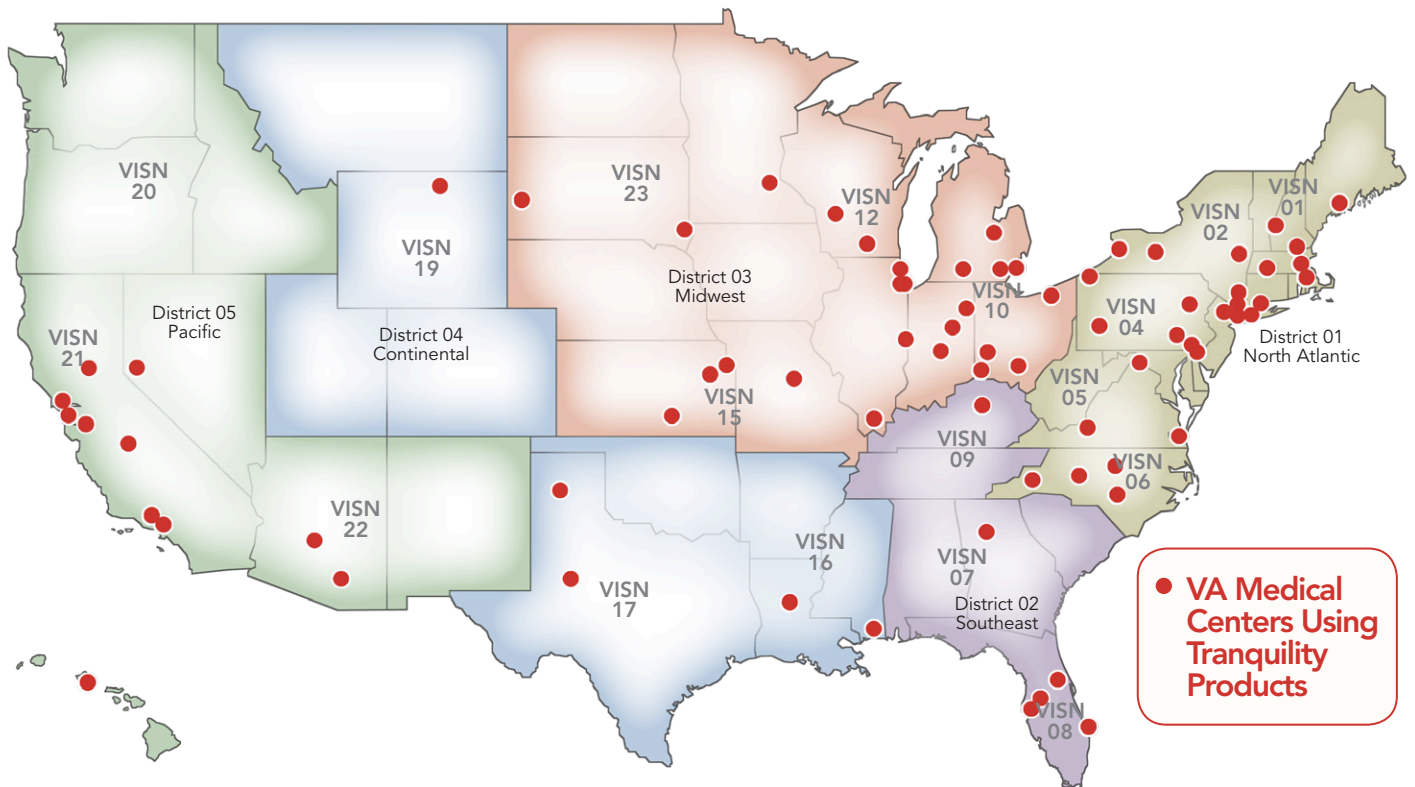

Tranquility Usage in the VA System

Within the VA, Tranquility products are shown to provide:

- 30% less brief changes
- 40% less clothing changes
- 54% less linen changes
- 60% lower labor costs.

While incontinence products may seem like a commodity-type procurement, PBE has repeatedly proven that high performance incontinence products can save overall costs to the government while **improving the quality of life to the veteran population.**

TRANQUILITY
INCONTINENCE CARE

Fewer changes > Less risks > Better outcomes

- ★ Uninterrupted sleep
- ★ Reduced risk of slips/falls
- ★ Reduction of MASD
(Moisture Associated Skin Damage)

"My husband is a proud 90 ½ year old, a veteran of WWII and the Korean Conflict, whose biggest challenge has been accepting aging's attacks on his body. The biggest challenge has been his urinary incontinence ... **Your product has given him his life back and my husband back to me. He feels independent again.** He told me 'I'm not a recluse any more.' He can sleep through the night; he looks forward to his 'tomorrows.' Thank you! Thank you! Thank you!"

– C.O., Wife/Caregiver, Newmarket, NH

WHEN PERFORMANCE MATTERS MOST.

Staff has a peace of mind that their patients are getting the best care and wasted efforts are avoided.

Tranquility products guarantee unsurpassed, overall performance in the areas of skin dryness, odor reduction, urine pH neutralization and inhibition of bacterial growth.

TRANQUILITY
INCONTINENCE CARE

Look for these high performance features in Tranquility products:

PMG Peach Mat Guarantee®

The promise of unsurpassed overall performance in the areas of skin dryness, odor reduction, urine pH neutralization and inhibition of bacterial growth.

BR Breathable

Allows air to circulate around the body, promoting skin integrity.

KG Kufguards®

Inner leg cuffs channel fluids into the core, helping to contain high volume episodes.

CL Cloth-Like Backsheet

Product outer layer is soft and rustle free.

MH Micro-Hook Closure Tabs

Refastenable tabs grip the soft, cloth-like outer layer to securely fasten the brief.

WI Wetness Indicator

Yellow indicator lines turn to blue when moisture is present eliminating unnecessary changes.

RT Refastenable Tapes

Advanced tape system allows multiple openings of the briefs.

AS Adhesive Strip

Secures product in place.

LF Latex-Free

Absorbency

Product fluid capacity represented by standard 8-ounce measuring cup.

Breathable
Sides

Absorbency: 34 oz/1005 mL, size Large

SmartCore® Briefs

Breathable sides help eliminate heat and moisture, providing an ideal micro-climate for skin integrity. Color coded by size.

ThinLiner Moisture Management® Sheets

100% breathable, soft cloth-like sheets reduce skin-on-skin friction. Collects, absorbs and retains moisture.

Product Features:

ITEM #	LENGTH/WIDTH	CAPACITY	PACKAGING
3190	6"x 10"	6 oz/177 mL*	20 bags of 10 (200)
3191	6"x 14"	8.5 oz/251 mL*	20 bags of 10 (200)
3092	20"x 22"	15 oz/450 mL*	4 bags of 25 (100)

* Moisture capacity (not C.U.P.)

ThinLiner Moisture Management Absorbent Sheets wick moisture away from the skin providing an ideal micro-climate:

- Collection and retention of moisture/exudate
- Inhibition of bacterial growth and odor neutralization
- Soft, comfortable sheets contain trace amounts of Aloe Vera
- Absorbs equally from both sides
- Change as needed (PRN)

Note:
NEVER CUT, only fold,
ThinLiner Sheets to
accommodate various
sizes and applications.

What is a booster pad?

Booster pads have a flow-through design that allows the pad to fill to capacity first and then pass additional fluid to the host (primary) garment. Booster pads are placed inside briefs or disposable underwear, boosting absorbency to extend wear-time, reduce changes and help contain bowel incontinence. Strategically placed over the hip helps prevent leaking for side sleepers.

Sizing Chart

Suggested sizes are a guideline. When in doubt, use a tape measure and obtain an accurate waist/hip measurement. Use the larger of the two measurements to find the correct size.

For sizes greater than an XL, obtain an accurate hip measurement for best fit.

"I started ordering Tranquility Premium Overnight Disposable Absorbent Underwear for all my patients with significant incontinence problems. I would send them a small quantity for 30 days to see if they liked them and would ask them to call me if they worked out. EVERY patient or caregiver would call and let me know how thrilled they were with the Tranquility product and would ask for an increase in quantity and most wanted to wear them during the day also!

The patient or caregiver would tell me the Tranquility product was far superior to any other product they had tried previously."

– C.C., PA-C Home Based Primary Care, PA VA Medical Center
